

# FEAR OF SPLIT IN G.O.P. ENDS

Hoover Pledge Seles  
Not to Bolt Party

Curtis Men Deny He's Taking  
Part of "Allies"

Farm Issue Still Hangs Over  
Delegates' Heads

(Continued from First Page)

foot down flatly against accepting the nomination if he were drafted to prevent a bad split in the convention. This is one of the phases of the situation which is causing the Hoover men some concern.

## SMITH PLAYS PART

As for Mellon, the Hoover opposition intends to concentrate on him, along with a few others, with arguments that the Middle West must be taken into consideration if the Republicans are to stay about next November's election.

Most of the November calculations in all candidatorial camps here are based on the supposition that Smith will be the Democratic nominee. There is a tendency in many quarters to concede the New York Governor considerable ground in States along the Atlantic seaboard.

The Middle West, in the event of Smith's nomination, will be the battle ground, the Hoover opposition contends, and to win the Republican party must name a man who has vote-getting strength among the farmers. Mrs. McCormick, who will run for Representative-at-Large from Illinois this fall, is one of those who insists that Hoover is not that man, and others who are associated with her in the fight against Hoover are seeking to impress the same argument on delegates.

Replying to this line of campaign, the Hoover chiefs insist that their candidate has proved his vote-getting ability throughout the nation, and are making the point that his attitude toward the farmer has been grossly misrepresented.

## HE MAKES CLEAN-UP

In the settlement of delegate contests Hoover made virtually a clean-up. Routed before the National Committee, the opposition group is preparing to press for a reversal on the contests before the credentials committee, and if necessary to make a fight on the convention floor.

They are holding one conference after another to discuss strategy, with representatives of virtually all the candidates in the field against Hoover participating. Some of the followers of Curtis have been in on the discussions, but his Missouri campaign manager, Albert Newman, who is serving on the coalition's board of strategy, emphatically said the Kansas Senator is not committed to any course of policy.

"Poly" Trencher, former member of Congress, who is one of the Hoover supporters, declared he knows of no authority from the senator for anyone to join hands with the "allies," and said that both he and David Mulvane, National Committeeman from Kansas, are seeking to have Curtis nominated, neither will aid a last-ditch fight against Hoover.

Curtis himself is not expected here before Sunday. Lowden will get in tomorrow evening, accompanied by several members of his family. Watson has been on the battle ground for several days, while Hoover intends to remain in Washington throughout the convention.

George Atkinson, his personal secretary, reached Kansas City today, and immediately was besieged by Hoover leaders and other inquirers for the last word from his chief.

## WOMEN ARRIVING

TO PRESS FOR DRY PLANK

KANSAS CITY (Mo.) June 8. (AP)—Women from sixteen States have arrived here to place the demand of the Women's National Law Enforcement Committee for a dry plank in the Republican platform before the resolutions committee of the national convention next week. The group is headed by Mrs. Henry W. Peabody, chairman of the committee, and includes Mrs. Herbert J. Gurney of Boston, Mrs. A. Haines Lippincott of Camden, N. J., and Mrs. Nettie R. Shuler of New York City.

A mass meeting will be held by the women Sunday at which representatives of organizations affiliated with the law enforcement committee will present their demands for a dry plank and enforcement officials who will enforce the law.

Mrs. Mabel Walker Willebrandt, Assistant United States Attorney General; Senator Borah and William Allen White will address the women at a luncheon Monday. Mrs. Margaret Hill McCarter of Kansas and Mrs. Frank Thomas of St. Louis also will address the meeting.

## POLITICS DRAWS LIMELIGHT NOW

(Continued from First Page)

propaganda methods in connection with school textbooks as revealed in the inquiry now being conducted by the Federal Trade Commission. The others relate to foreign affairs, one of them reaffirming the determination of this country to stay out of the League of Nations.

## PLANKS FOR PLATFORM

Borah will offer these planks to the resolutions committee, of which he is slated to be a member, and if he fails to win their adoption in substantially the form he presents them, intends to make them public and possibly carry the fight to the floor of the convention.

What will become of Borah's eleven delegates from Idaho is problematical. He may be able to throw them all to Hoover but it is regarded as likely here that some of them will go to Lowden or Senator Norris. Borah himself is out of the race for the Presidential nomination and it can be stated on the best authority that he prefers Secretary Hoover over even President Coolidge.

## CHILD DROWNED IN RIVER

SACRAMENTO, June 8. (AP)—Mike Cantu, 2-year-old son of Tom Cantu, was drowned in the Sacramento river today when he fell into the water while playing on a barge.

# Spanish Dictator Jilts Fiancee

Their Romance Crashes  
Primo de Rivera and Senorita Mercedes Castellanos

## RIVERA ENDS ENGAGEMENT

Betrothal Annulled Because Fiancee Was Seen in  
Stock Exchange With Two Men

MADRID, June 8. (AP)—The Premier and dictator of Spain, Primo de Rivera, today broke off his wedding engagement because his fiancee had been seen on the stock exchange buying securities in company with two men. Announcement of his action, which was made in an official note, caused a burst in Spanish social circles. Reports had it that King Alfonso was to have been best man at the wedding and the elite of the kingdom already was preparing for an eventful celebration of nuptials in a style befitting the rank and family of the principals.

## Senorita Mercedes Castellanos

47-year-old daughter of a wealthy family long prominent in Spanish affairs, was the fiancee of Senor De Rivera.

## TO HAVE BEEN MARQUESSA

Had the marriage plans been completed, she would have been a Marquessa, for the general, besides his army rank and high state position, is Marquis de Estella. His full title is Gen. Miguel Primo de Rivera y Orbaneja Marquis de Estella Due de Aguir.

The wedding was to have taken place in September. Announcement of the engagement last April was followed by rumors that the general was to give up some of his public activities, perhaps even retire as dictator for a domestic existence. This later was denied, but probably had its inception in a statement which he made to Madrid newspapers a few days after the betrothal. In this statement he said:

## JOYOUS CHARACTER

"My fiancee, like myself, is disposed to place duty to King and country before every other desire or convenience. Although I am by no means a youth, my character is joyous and independent. Yet, after this five years of struggle, I am in need of a domestic life."

In giving up his dream of domesticity, the general issued another note today saying that Senorita Castellanos was seen on the exchange in company with Count Caimera and the Duke of Albuera. The note said that the dictator found this conduct on her part "incomprehensible."

Thus far no announcement or other expression has come from the lady in the case.

## HOOVER TO KEEP TABS ON VOTING

Radio and Direct Phone  
Line Will Link Him With  
Republican Convention

WASHINGTON, June 8. (Exclusive)—Secretary Hoover has not decided whether he will be at home or at his office when the balloting starts at Kansas City, his secretary said today, but in either event he will be in constant and close touch with the convention by radio and direct telephone communication.

The radio equipment at the Hoover home has been supplemented by special direct telephone connections with Kansas City. Another direct telephone wire and a radio have been installed in his private office at the Department of Commerce. The special telephone connections already have been used during the past week, as Hoover talked several times each day with his managers at the scene of the convention preliminaries.

Brady D. Nash, private secretary to Mr. Hoover, said today arrangements probably will be made so that Washington correspondents assigned to "cover" Hoover during the convention balloting, which is expected to make him the Republican nominee for President, can be close to him, perhaps in the next room.

## BABIES TURN TO KEROSENE DIET

Yolo County Youngsters Get  
Free Ride to Hospital  
After Their Spree

SACRAMENTO, June 8. (AP)—Frank Angelsenburg, 19 months of age, found a can of kerosene on the back porch of his home in Brito, Yolo county, yesterday, and helped himself.

While he was taking his drink James Rodness, 2, was drinking some of the same liquid from a container at his home two miles away. Both mothers rushed their offspring to the Emergency Hospital and both reached the door at the same time. The condition of the youngsters was not critical.

# DELEGATES LAY BATTLE PLANS

Californians Map Campaign  
on Way to Kansas City

Offensive Will be Taken in  
Preconvention Fight

Arrival of Party Scheduled  
for This Morning

BY KYLE D. PALMER

"Times" Staff Representative  
ON BOARD HOOVER SPECIAL  
EN ROUTE TO KANSAS CITY.

LIMON (Colo.) June 8. —Cheered by optimistic reports from Hoover-for-President managers at Kansas City and assured by leading Republicans of Nevada, Utah, Wyoming and Colorado, that the Secretary of Commerce is the choice of the people of the Rocky Mountain States, the California delegates of the Republican National Convention today are preparing for energetic and aggressive participation in the vital struggle preceding the convention sessions.

The Californians are due to arrive at Kansas City tomorrow morning. They will immediately confer with their group, and the strength of the delegation now in the convention city, and map out their plan of battle. Deeming success almost within their grasp, they are determined to assume the offensive in the increasingly bitter struggle for delegates.

## CONFLICT CENTERED

Telegraphic reports received hourly from the scene of activity indicate that the coalition of candidates opposing the nomination of Secretary Hoover, having lost their case before the Republican National Committee and fearing the strength of the Hoover forces in the convention itself, will center their fight in the credentials committee.

Lieut.-Gov. Pitts, vice-chairman of the delegation, received at Denver a detailed report from Chairman Requa, having lost their case before the Republican National Committee and fearing the strength of the Hoover forces in the convention itself, will center their fight in the credentials committee.

## NORRIS SAYS NEW PARTY POSSIBILITY

Declares Muscle Shoals  
Pocket Veto Likely to  
Bring Bolt by Progressives

WASHINGTON, June 8. (AP)—The possibility of a third party in the coming Presidential campaign was declared today by Senator Norris, Republican, Nebraska, to be strengthened by the pocket veto by President Coolidge of the Muscle Shoals bill.

The failure of the legislation "may drive from the administration candidate a large number of progressive-thinking citizens," the Nebraska senator said in a statement. He charges that power interests may have had something to do with the failure of the President to sign the bill "because it would have been a terrible slap at the power trust."

The President's action not only "may disappoint the American farmers interested in cheap fertilizer," Norris said, "but it will be the last straw that will bring a third party into the field."

Senator Norris continued that to have "offended this great (power) trust by approving the (Muscle Shoals) bill would have dried up sources of revenue," that the Republican party "must have in the great campaign just ahead."

The Nebraska senator, who was one of the sponsors of the legislation, said he will not challenge the validity of the President's action, but will await a ruling by the Supreme Court in the case of a measure which underwent a pocket veto now pending before the House.

## Permit Granted Biltmore Group to Issue Bonds

PHOENIX, June 8. (Exclusive)—The Arizona Corporation Commission today granted the Arizona Biltmore Corporation permission to issue \$1,000,000 in 6 per cent bonds secured by 600 acres of land and any building to be constructed thereon.

The record states that the common and preferred stock in the \$2,000,000 project has been purchased in large blocks by a number of Angelinos, including C. W. Clark, the Morris Noble Company, Bradford-Kimball Company, J. K. Gage Development Company and William Wrigley, Jr. The last-named has a large tract for development in the same locality, north of Phoenix. It is stated that construction is to start within twenty days, with location, surveys and plans already complete.

In the organization are New York, Chicago, Los Angeles and Phoenix capitalists.

## Peach Growers Figure on Crop

SAN FRANCISCO, June 8. (Exclusive)—With a bumper crop in sight California peach growers began consideration of prices today, resolved not to jeopardize their production by the price which threatened ruin to them last year.

The committee appointed by the Governor to survey the situation for this purpose met here and reported a probable crop of 398,377 tons. Of the total production 100,325 tons will be "Tucans; 85,836 tons early midsummer; 31,162 tons late midsummer; 153,243 tons Phillips; 10,846 tons old midsummer; 5429 tons Lewis and 816 tons miscellaneous clings.

The figures are the result of careful surveys by two men, a grower and a buyer, in fifty canners in the peach-growing areas throughout the peach-bearing areas.

## CUBA TO STUDY MEXICO

HAVANA, June 8. (AP)—The agricultural system of Mexico is to be made the subject of study by Cuba. President Machado has designated Dr. Benjamin Munoz and Dr. Juan Fortun, both members of the Department of Agriculture, to proceed to Mexico for this purpose.

# LAWLESS SHAW REVEALS SELF

Famous Author Confesses  
He Breaks Law Every  
Time He Asks

HARROGATE (Eng.) June 8. (AP)—George Bernard Shaw revealed himself as a speed bug and a habitual lawbreaker to the Chief Constable's Association, which is in session here today.

The noted dramatist confessed that in twenty years of motoring he had never driven without breaking the law.

"I hope nothing I say here will be held against me," said Shaw, who added that he had been prosecuted only once for driving twenty-seven miles an hour, and that he was lucky at that, for he previously he had been going fifty miles.

position or a candidate not at this time in the field.

"Our advice plainly shows that the opposition at Kansas City has no outstanding candidate in mind," said Mr. Pitts, "and that the entire effort at this time is directed wholly to the business of defeating Secretary Hoover."

"This kind of a fight is not particularly formidable, and while we realize we have a genuine contest on our hands, everything we have learned indicates that we shall succeed in nominating the Secretary."

## PREFERENCE SHOWN

"The Republicans of the country as a whole have definitely shown their preference for Mr. Hoover. We do not feel that the convention will ignore this overwhelming sentiment. Those to whom we have talked in Nevada, Utah, Wyoming and Colorado say that Mr. Hoover not only is popular in the intermountain States, but that he has much strength in the Middle West."

"We are not overconfident and are prepared to put up the kind of a fight that will win."

Having spent two days in becoming better acquainted, the Californian delegates and alternates, many of whom have been uncompromising political antagonists during the last decade, today completed the organization of a harmonious working group. They will participate in a Hoover rally to be held in Kansas City tomorrow night at which, it is planned, several nationally known party leaders will speak.

## Bandits Seize Gold Shipment

NEW ORLEANS, June 8. (AP)—Two men with sawed-off shotguns held up a bank messenger of the Canal Bank and Trust Company in front of the American Railway Express Company here late today and seized a shipment of gold amounting to between \$25,000 and \$30,000 destined for an up-State bank.

The bandits escaped in an automobile. No shots were fired.

# LEGION OFFERS PLANKS TO G.O.P.

Inclusion in Platform Asked  
by War Veterans

Universal Draft and Naval  
Defense Called For

Further Hospitalization Work  
Encouraged

WASHINGTON, June 8. (Exclusive)—The American Legion has prepared three planks which it will ask the platform committee of the Republican party to adopt at Kansas City. Col. John Thomas Taylor, chairman of the Legion's executive committee and the man responsible for putting through the adjusted compensation bill and the Tyson-Fitzgerald bill passed in the last session of Congress, which takes care of disabled emergency officers, will leave here tomorrow for Kansas City to present the three planks to the platform committee and ask to the name of the American Legion, that they be adopted.

The three planks call for a universal draft, adequate national defense with emphasis on bringing the Navy up to the 5-5-3 ratio and a platoon plank on what the government has done in caring for the veterans of the World War in hospitalization and compensation. The planks are as follows:

## OUTLINE OF PLANKS

"Veterans: We have maintained America's traditional policy to generously care for the veterans of our wars. In extending them free hospitalization, a statutory award for tuberculosis, a scientific program of progressive hospital construction and generous provisions for compensation for the disabled, the veterans that none of the benefits accorded shall be withdrawn, and that these will be added to in accordance with the veterans' needs."

"The adjusted compensation has proved a boon to thousands of widows and orphans of veterans, who have received the benefits of this government's generosity in the time of their greatest need. The Veterans' Bureau is now paying out approximately \$30,000 a day to beneficiaries under this wisely devised compensation. This fact alone illustrates the great benefits being brought about by this legislation, without undue drain upon the national treasury."

## NATIONAL DEFENSE

"National defense: America's policy is based upon a desire for peace, and not upon aggression. In order to maintain this policy with safety for our country, our National Guard and our interests in foreign lands, we maintain a small professional army capable of expansion in time of war, a navy which should be the equal of any, and an air force capable of defending our shores, and aiding the land and sea forces."

"We pledge ourselves to develop the civilian components of our Army of the United States, so that in emergency it may accomplish its mission under the National Defense Act; to bring our navy up to its proper ratio under the 5-5-3 ratio."

## DAUGHTER BORN TO CALLES'S DAUGHTER

MEXICO CITY, June 8. (Exclusive)—A daughter has been born to Mr. and Mrs. Thomas Arnold Robinson. Mrs. Robinson before her marriage was Senorita Ernestina Calles, the President's daughter. Mr. Robinson is a New York construction engineer.

Although some newspapers have reported that the daughter was born to Mrs. Calles, the President's daughter, the fact is that she was born to Mrs. Robinson, who was formerly Senorita Ernestina Calles, the President's daughter. Mr. Robinson is a New York construction engineer.

# VOLIVA MODEST AS HE CAN BE

Overseer of Zion Tells Only  
Reason He Didn't Break  
Monte Carlo Bank

ZION (Ill.) June 8. (AP)—Wilbur Glenn Voliva, overseer of Zion, is not the man who broke the bank at Monte Carlo, the reason being, as he explained, that he did not play.

"If I had played," he said, "I would have had all the money in no time. I am a success at anything I turn my hand to. If I were not a success, explain how I could start in 1907 with \$3 cents and have somewhere around \$15,000,000 in 1920."

Voliva, so that our sea lanes may always remain open and to continue the expansion of our air forces, until our shores may be safe from invasion by any foreign foe.

"Universal draft: Whereas industry, capital and labor are protected by defensive war, as well as human lives and liberties, and

"Whereas in past wars it has been our practice to draft manpower alone to fight at such loss that their customary wages, and to allow others to earn more than their normal profits, and

## SERVICE WITHOUT PROFIT

"Whereas, this practice is unjust, and against the conscience of America, therefore,

"Be it resolved that in any future war in which the youth of America is drafted to fight that capital, labor and industry be also drafted to serve without profit and that prices be stabilized for the national needs, as well as the civilian population, and

"Be it further resolved that we pledge ourselves to place upon the statute books such legislation as will require this in any future war."

More than one-third of the delegates at Kansas City are members of the American Legion, and they will organize on Sunday night at the Hotel Baltimore. There is believed little doubt but what the above planks will be adopted and made part of the Republican platform as the Legion was asked to draw up the planks that they wished adopted.

The Legionnaires also plan to work for nomination of a World War veteran for Vice-President and in this connection a number of names are mentioned, among them Col. Hanford MacNider of Iowa, former commander of the Legion; Theodore Roosevelt of New York; William J. Donovan, assistant Attorney-General and one of the outstanding heroes of the war with Germany; Representative Hamilton Fish of New York and Representative A. Platt Andrew of Massachusetts.

## Adjoining the Fine 18-Hole GIRARD GOLF Course

See these New Lodges--Now Ready!

For months we have been looking forward to the time when we could make this seasonal announcement. Plans have been designed and ready to provide the ideal lodge at an unbelievably low price. Here it is!

Where can you duplicate this offering at twice this figure? Cozy, comfortable, well-built, with homelike atmosphere that makes you feel at home the minute you step inside. Large roomy living room, bedroom, kitchen and bath. Modern plumbing (piped for hot and cold water), electric light in every room. Situated among beautiful woody surroundings. Adjoining the fine 18-hole golf course of the Girard Golf and Country Club. Play golf, swim in the big outdoor concrete plunge—and sleep "the sleep of the just" in the pure, healthful air and peaceful quiet of the hills. Just the thing for week-ends and vacations—or suitable as a permanent living place.

## See these New Lodges--Now Ready!

The monthly payment of \$14.90 includes interest. Never before have we offered as big a value as this for the money.

Come out and see them now. They'll be snapped up in a hurry. We'll be glad to show you. No obligation to buy. Phone MUtual 5311.

FARMERS DROP  
OLD FEE FIGHT

Mention Omitted from Platform  
Going to Party Camps

Warm Debate Marks Drafting  
of Federation Plan

Republicans and Democrats  
to Get Resolutions

CHICAGO, June 8. (P.)—The American Farm Bureau Federation today abandoned its opposition to the equalization fee in favor of plus legislation and, in so doing, checked up to the Republican platform. The federation's persistent fight for the equalization fee principle, which was embodied in the revised platform measure, was abandoned today. After a debate that lasted into the night, the federation's board of directors met again today and passed resolutions. In the resolution of the fee is mentioned the fact that the members of the board believe that while sentiment is the principle, the board has the duty of advocating the principle.

No new specific plan was set in the platform, which the federation will submit to the political parties for their campaign purposes. Asserting the fact to be established that the agricultural population of America, comprising one-third of its total, receives one per cent of the national income, the resolution demanded that a plan be found.

Republicans and Democrats agreed to pledge themselves with to initiate and secure legislation that will secure for agriculture a place of equality along with industry, finance, labor and groups in our American government, thereby guaranteeing agricultural dollar a power equal to that of groups.

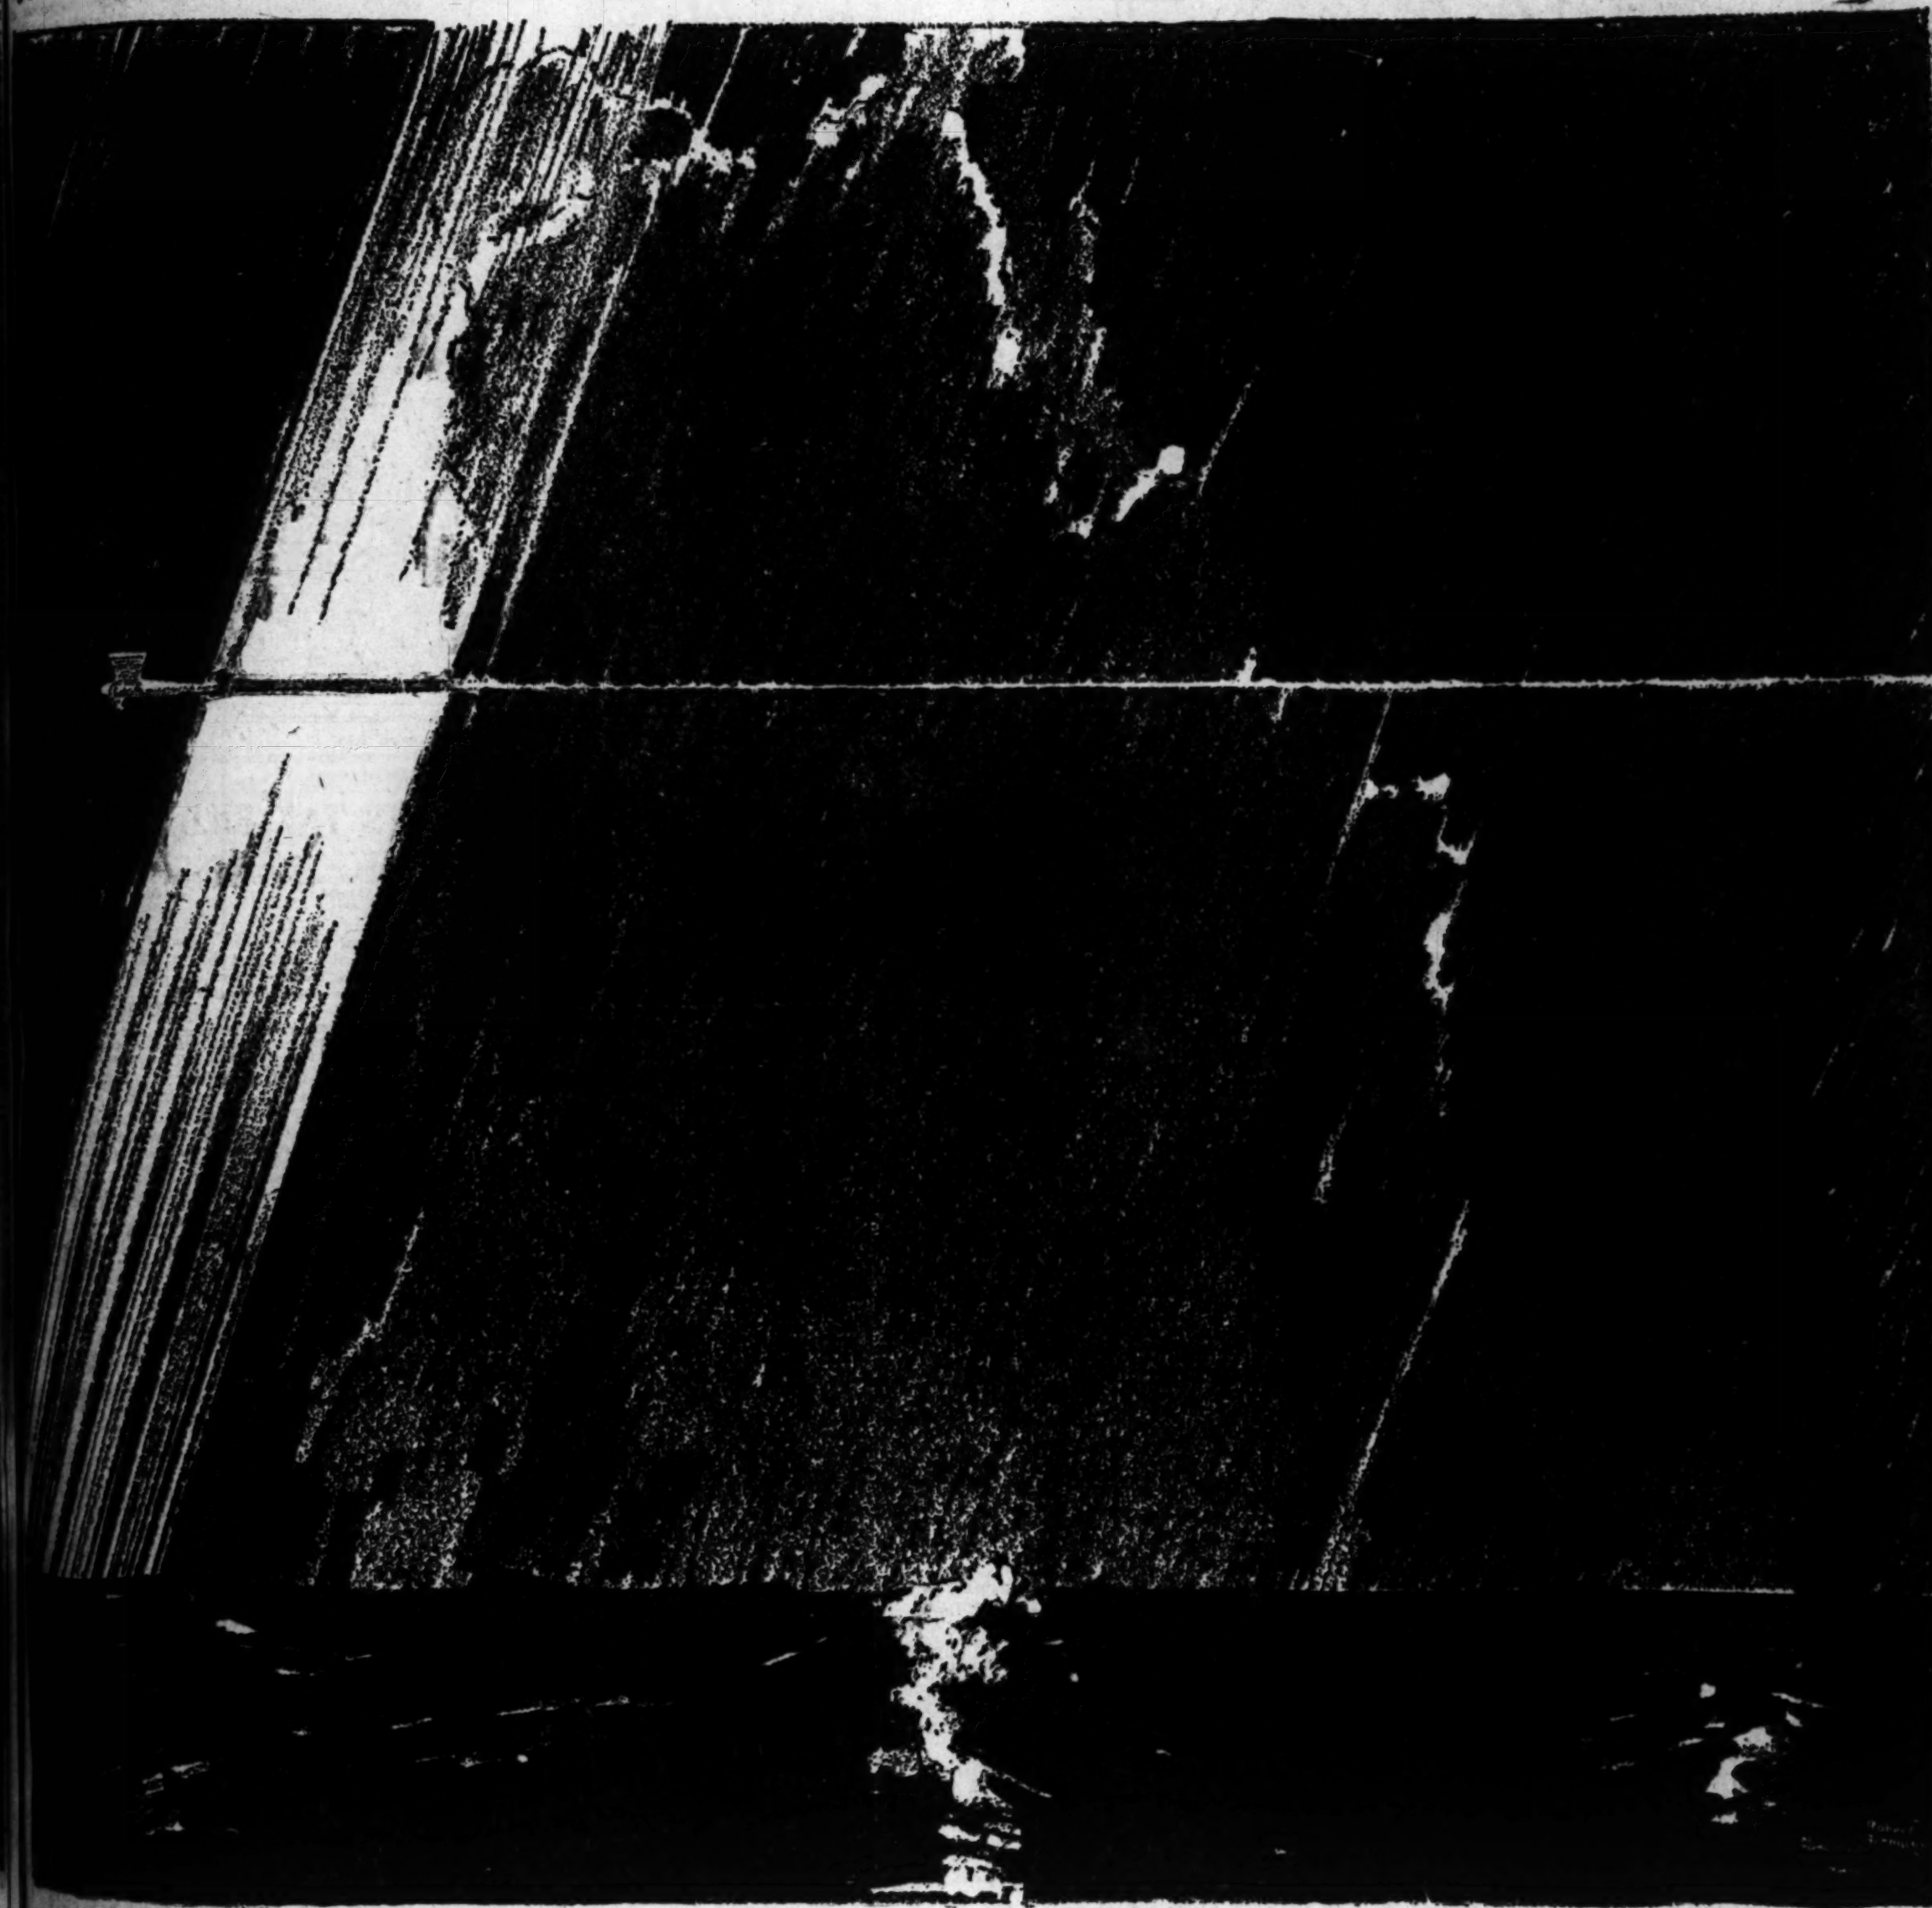

"It has been demonstrated," the resolution stated, "that co-operative marketing is a sound principle, and the present rural plan is sound. The experience has proved that the distribution must be equitably by the entire volume of the product in order to free the farmer from the hand of the middleman and to guarantee permanent independence in carrying on marketing operations, and to pledge the party to the enactment of legislation to meet the requirements."

Although there were no murmurs of approval of the proposed farmers' tax to the City convention next week, expression was withheld.

Besides the proffered plan, the federation also submitted to the national convention resolutions pledging legislation for the development of the share for the production of tillage for the farmer; continued development of the share as a means of ultimate production; extension of the Federal co-operation in the to-market highways, and the development of the lake-to-lake ways.

# THE PACIFIC SPANNED

with Union Aviation Gasoline... The longest ocean hop in history

10:11 P. M. "There's our friend the moon peeping over the clouds." Courageous men express the pent up surge of ravaging emotions simply. Going into a black night of churning winds—of unknown colossal hazards, with only the yawning, writhing buffet of a mad sea as an alternative—two Australians and two Americans side by side, have blazed the uncharted air trail over the world's greatest expanse of water wastes.

They deserve success.

There's not the slightest whimper in this message to an anxious world. It just says, "we know the pull ahead—we have taken a tighter grip." This great achievement is due to no one individual circumstance. It is the result of fearlessly, perfectly coordinating the modern inventions of this fast age. We are glad Union Aviation Gasoline played its part so well.

OVER NORTH  
ALL CURBEDForest Rangers Criticize  
Motorists and Campers  
for CarelessnessSAN FRANCISCO, June 8. (Ex-  
clusive)—A host of small brush  
fires remained burning over widely  
separated areas in Northern and  
Central California today, but they  
are reported curbed without excep-  
tion. Among those checked was the  
new fire which got beyond control  
yesterday when the wind whipped  
a six-mile backfire near Arbutus  
in the Yolo-Colusa district into  
fresh stands of grain.Getting a breathing spell for the  
first time since last Saturday, forest  
rangers who led scores of vol-  
unteers into action against the  
flames charged that most of the  
small fires were due to carelessness.  
Lighted cigarette and cigar  
butts tossed from automobiles, un-  
quenched camp fires and lack of  
normal precautions were given as  
the root of much of the trouble.PORTERVILLE, June 8. (Ex-  
clusive)—Conditions are favorable on  
the Tule River Indian reservation  
today, but a fire which has been  
burning for a week, according  
to word from Supervisor Cunningham,  
has not yet been completely  
extinguished. It is hoped that the  
fire now will burn itself out  
without doing further damage. More  
than 3,000 acres were burned over.A serious grass fire is raging in  
the Napa Creek country north of  
Orono, and every effort is being  
made to maintain control.FEDERATION  
CONVENTION  
CITY NAMEDClub Women Will Hold  
Next Year's Meeting at  
Swampscott, Mass.SAN ANTONIO (Tex.), June 8. (Ex-  
clusive)—The 12th annual convention  
of the Federation of Women's  
Clubs here today, but no action  
was taken on the matter of naming  
the city which will entertain the next  
biennial convention, which meets in  
1930.The decisions were made by the  
executive committee.Mrs. William Purdy of New York  
City was elected president of the  
convention. Mrs. H. S. Godfrey  
of Minneapolis was appointed mem-  
ber of the executive committee.The convention was held at the  
Hotel Hamilton.The convention was held at the

CHEAT NOOSELawyers Complete Draft of  
Appeal for CoenTen Grounds Specified for  
Reversal of CaseUnconstitutionality of New  
Double Plea ArguedSAN FRANCISCO, June 8. (Ex-  
clusive)—As the basis  
for another move to prevent the  
execution of Perry A. Coen, con-  
victed slayer of Mr. and Mrs. George  
Mace Artists here last December,  
opening briefs for appeal were com-  
pleted today by his attorneys,  
J. C. Russell and William R.  
McKay.The voluminous document cites  
ten grounds for reversal of the con-  
viction and death sentence. Coen  
having been found guilty twice un-  
der the new double plea not guilty  
and not guilty by reason of in-  
sanity.The contentions are:  
That the section of the law under  
which the defendant entered his  
plea is unconstitutional;  
That the court erred in not sus-  
taining the motion to dismiss the  
information;Error of the trial court in not  
striking out the evidence taken at  
the information of motion of  
defendant and appellant;Error by the court in permitting  
the prosecution to introduce at  
trial the evidence by the defendant  
taken at the coroner's inquest with-  
out first having laid proper founda-  
tion;Error in not striking out, at the  
close of the prosecution's case, the  
statement made by the defendant;Error in not compelling the pro-  
secution to prove the corpus delicti  
before allowing any statements of  
the defendant to go to the jury;Insufficiency of the evidence to  
justify the verdict and misconduct  
of the District Attorney and of the  
special prosecutor in opening and  
closing arguments;The brief comprises more than 150  
pages with two appendices. These  
are a transcript of the coroner's  
inquest and of the statements of  
Coen at the jail on the night of  
December 8 and the morning of  
December 9 following the commis-  
sion of the crime with which the  
defendant is charged.Special stress is placed upon as-  
serting unconstitutionality of the  
section of the law under which the  
defendant entered his plea and upon  
the error of the court in admit-  
ting the statements of the de-  
fendant made at the coroner's in-  
quest without first having laid a  
proper foundation.The transcript of the proceedings  
at the first trial and the subsequent  
trial by the same jury of the issue  
as to the sanity of the defendant,  
already completed and filed, contains  
2,400,000 words.Clark's Counsel  
Denounces Slain  
Man as MenaceMANTIA (Utah) June 8. (Ex-  
clusive)—(Holladay) June 8. (Ex-  
clusive)—Don Solovitch, attorney  
denounced as an "arch blackmailer  
and a menace to society" in an  
impassioned plea to the jury today  
by Lewis Larson, defense counsel for  
Sheldon Clark, confessed slayer of  
Solovitch.In opening the statement, which  
he hopes will save his client from  
facing a Utah firing squad for be-  
ating the former butler to death with  
a hammer last January, Larson  
likened the slain man to the death  
warrant brought by God Almighty  
upon Sodom and Gomorrah.The case will go to the jury at  
the conclusion of Larson's argu-  
ment.Higher Rail Pay  
for Mail UrgedWASHINGTON, June 8. (Ex-  
clusive)—A recommendation for in-  
creased pay for railroad mail car-  
rying services was made today to the  
Interstate Commerce Commission.After considering complaints  
joined in by practically all of the  
railroads in the United States,  
Frank E. Mullen, attorney examiner  
for the commission, recommended  
that railroads be granted an increase  
of 15 per cent retroactive to July  
1, 1925, in payments for transporting  
mail.He also proposed that after July  
1, 1928, a slight additional increase  
be made in the 15 per cent advance.The future compensation for mail  
carrying, under his recommendation,  
would be based upon a charge  
of 39 cents for each mile of service  
rendered by a sixty-foot railway  
postoffice car.The present government payment  
is based on a scale of 33.75 cents  
per mile. Proportionate charges are  
made for the use of smaller railroad  
car spaces in transporting mail.Divorcee Seeks  
Fiance's ArrestSAN FRANCISCO, June 8. (Ex-  
clusive)—Mrs. Vera V. Shaddock,  
blond Los Angeles divorcee, 28 years  
of age, described Otto J. Doeh, her  
erstwhile fiance, as a new kind of  
an Indian giver when she obtained  
a warrant for his arrest today.Over a period of three years during  
which Doeh is asserted to have  
made ardent love, he borrowed  
about \$200 from her, Mrs. Shad-  
dock said.When marriage as a future pros-  
pect kept getting further and farther  
into the future Mrs. Shaddock  
said she decided to check up on the  
financial side of the ledger, and the  
best she could get in return for her  
cash was a handful of checks marked  
"insufficient funds."The warrant will be copied for the  
benefit of Los Angeles authorities  
as Doeh is said to have "gone  
south" literally last Monday when  
he learned Mrs. Shaddock was about  
to invoke the law.NOTICIAS

DE ULTIMA  
HORAFOR PROF. JORGE JUAN CRESPO  
Encargado Interino de la Sección  
Española de este diario.NOTAS TELEGRAFICAS  
Muestra un Prometente PeriodistaTORONTO (Canada) 8 de Junio.  
Juan Rainsford Bone, director ge-  
nente de "La Estrella," murió repen-  
tamente ayer en la tarde, en su  
casa de Spadina Road. Habia es-  
tado por la mañana en su oficina  
así que su inesperado fallecimiento  
fue una sorpresa terrible para sus  
familiares y amigos. Mr. Bone,  
aunque ya pasaba de la cincuenta,  
se veia mucho más joven. Ha-  
bia sido director de "La Estrella"  
durante veinte y un años, y habia  
visto crecer el periódico desde sus  
primeros pasos hasta convertirse en  
uno de los principales de esta me-  
tropolis. Gozaba de merecida fama  
no sólo en Canadá, sino en los Es-  
tados Unidos de Norte América y  
en Inglaterra, por su obra en "La  
Estrella," y por todas sus activi-  
dades relacionadas con el periodis-  
mo. También pertenecia al club real  
de Yates, a la logia masónica Tonic  
y a la fraternidad Delta Kappa  
Epsilon. Murió en su casa de  
Spadina Road, a las 10 de la noche.  
Fue el miembro del Club La-  
crosse, al cual se asoció cuando su  
viaje a Estados Unidos en 1899.Vuelo al Japón  
CHICAGO, 8 de Junio.—Eugenio  
McDonald, explorador ártico y pre-  
sidente del Club Radio Zenit, y U.  
J. Hermann, deportista y propietario  
de teatros, ambos de esta ciu-  
dad, hicieron públicos hoy sus pla-  
nes para un viaje a las islas de  
Japón, que se llevará a cabo en es-  
te mismo verano. Si se aprueba el  
vuelo se hará en el Zenit Albatros,  
el cual se describe como el ser-  
piano más grande de tipo de pa-  
rao, que se haya construido. Los  
dos viajeros, McDonald y Hermann,  
y Albino K. Preston, serán los ca-  
pilotes, y se dice que los ca-  
balleros arriba mencionados serán  
los pasajeros. Los planes de  
McDonald y Hermann, que se han  
hecho públicos, consisten en hacer  
un viaje a las islas de Japón, que  
se llevará a cabo en este mismo  
verano. Si se aprueba el vuelo se  
hará en el Zenit Albatros, el cual  
se describe como el serpiano más  
grande de tipo de parao, que se  
haya construido. Los dos viajeros,  
McDonald y Hermann, y Albino K.  
Preston, serán los capilotes, y se  
dice que los caballeros arriba men-  
cionados serán los pasajeros. Los  
planes de McDonald y Hermann, que  
se han hecho públicos, consisten en  
hacer un viaje a las islas de Japón,  
que se llevará a cabo en este mismo  
verano. Si se aprueba el vuelo se  
hará en el Zenit Albatros, el cual

# CALIFORNIA RIVIERA

## The INLAND ISLAND

*All*  
That goes to make Life worth while

Now to visit California Riviera and see the beautiful homes of Mediterranean design which are open for you to walk through and inspect.

We cordially invite you to see these homes, open for your inspection in connection with the celebration of our *fifteenth anniversary*.

## SIX MAGNIFICENT HOMES

### OPEN FOR INSPECTION

**FOR THE HOME BUILDER**—California Riviera offers you a neighborhood, protected by sensible restrictions which insure that your home will be in an environment where you are proud to live.

In the development of this property, it has been the aim of THE FRANK MELINE COMPANY to create a community where the requirements for a home and playground will in every way be fulfilled.

Improvements of the finest kind have been installed. There are concrete streets, cement sidewalks and curbs, sewers and all public utilities underground. Wide parkways allow for beautiful plantings of trees and shrubs, and an ornamental lighting system is being installed. These improvements are in; there is no further expense to the home builder.

All under one plan of development, this property is isolated by a protecting circle of canyons, yet is easily accessible to the city and beaches. It has been called the heart of recreational Los Angeles because of its proximity to the great beach, golf and country clubs. It offers all that is desirable in home environment.

Come out today, or at the first convenient time. You'll enjoy the beautiful homes open for inspection.

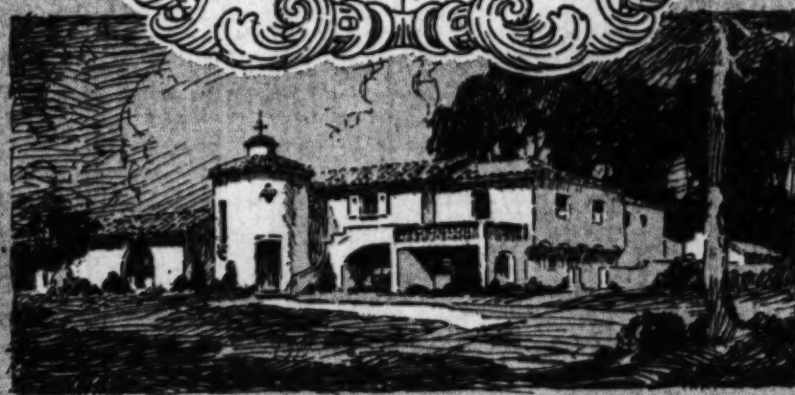

**FOR THE INVESTOR**—Every city possesses some section so favored by nature that it has an irresistible appeal to the wealthy and discriminating inhabitants. That California Riviera is so favored and has this appeal is shown by the high type of development which has already taken place.

As population increases, property in a neighborhood so favored becomes more eagerly desired, values increase and large profits are taken by those who had the foresight to buy when prices were low.

Shrewd investors have gauged the city's growth. They see the steady stream of high-class development spreading toward the ocean, with Beverly Boulevard guiding it. They see a natural high-class, exclusive home location in California Riviera, flanked on the north by the Uplifters' Club and Polo Field, and on the south by Riviera Country Club with its forty-five holes of golf . . . a property virtually surrounded by protecting canyons, forever immune from the encroachment of inferior development.

We want you to see California Riviera and the six homes in the \$300,000 homes exposition. Come today!

#### HOW TO GO

Drive on Beverly Boulevard from Beverly Hills until you see the great activity. The tract office is at 13617 Beverly Boulevard.

CHUCKLES from LIFE

**House Were Built the Way Streets Are Paved**  
After months of labor and great expense, the house is finished. Contractor discovers that windows have been omitted. House is torn down and built up again with the proper number of windows.  
Contractor discovers that doors have been omitted. House is torn down and built up again with the proper number of doors.  
Contractor discovers that floors and walls have been omitted. House is torn down and built up again to contain the proper number of floors and walls.

The long-suffering family which ordered the house to be built finally moves in—two years late. It begins to rain. The foundation of the house crumbles and the house collapses.  
The same contractor is hired to clear away the ruins and begin all over again.  
**Incompatibility**  
Rob: What's the trouble between you and your masseur?  
Bob: Oh, he rubs me the wrong way!  
"Has she kept her youthful figure?"  
"Kept it? She's doubled it!"

Cardinals Qualify for Finals Today  
Anderson of Washington Out of High Sticks  
ST CHARLES W. DUNKLEY  
Stanford From Sports Writer  
CHICAGO, June 2. (AP) — In an season of sparkling performance, two new records for the established and one was tied as 229 athletes from 78 universities and colleges opened their two-day competition on Soldier Field today in the preliminaries of the national collegiate individual and team track-and-field championships.  
As the result of the qualifying tests, Stanford, understood to team captain, appears to be on the edge of the team title the final tomorrow. The Pacific Coast stars, winners of seven intercollegiate championships, qualified ten men in of the ten events in which the universities were contested this season. Iowa also placed ten men in the final with Ohio State coming with six and Illinois and Wisconsin five each.  
The University of Texas, Chicago, Rice Institute and Ohio Wesleyan, each qualified four with the University of Washington, Pacific Coast champion, Iowa, State of California in 1934, Minnesota placing three, Kansas, Missouri Valley and Texas A. & M. qualifying one.  
One of the mainstays of the Stanford team of all-stars, a new record in the discus with a toss of 140 ft. 2 in. being the former mark of 140 ft. 6 in. hung up by Bud Houser from California in 1932.  
NICK BETHERS MARK  
One of the College of the Omnis (Chickville, Ark. threw the javelin 9 3/4-in., bettering the mark of 20 ft. 2 in. made by one of Michigan in 1932.  
The lanky sprinter from Institute, Houston, Tex., tied record for the 100-yard dash, making the time in winning his victory heat in 9.8 sec. The mark established by DeHart Hubbard, former negro star of the University of Michigan, in 1928.  
The Texas speed marvel and champion of Ohio State, dash champion, placed third, divided honors in the sprint, winning their heat in the conference and 25. Simpson turned in best time for the running, in Jack Elder, the Notre Dame...

LOU DARO FOILS KIDNAPERS;  
SNOOPY GUARD WITH LUTZE  
DISSOLVES THICKENED PLOT

"Carnation" Lou Daro, the big wrestling promoter, took the necessary steps to insure himself and the mat fans against anything happening to Nick Lutze, the young sensational heavyweight, before the latter steps into the ring at the Olympic Wednesday night for his final match with Ed (Strangler) Lewis, world's champion.

A guard was hired by the promoter yesterday to accompany Lutze on his road work and work-outs both at the gymnasium and at the beach. He will be with the young challenger until ring time. Daro announced.

One thing Daro fears, he declared yesterday, was that some one or a group of persons would kidnap Lutze before the night of the match and then release him after it would be too late for him to wrestle Lewis. The promoter stated this procedure was common among wrestlers years ago, and he was not

was working out at the gym? It would be the most terrible thing the wrestling world has ever known. I'm not taking any chances. He is going to have a guard from now until the time he steps into the ring. No one is going to get near Lutze during the next five days except his very close friends.

Howard Cantonwine will wrestle John (Pirpo) Wilcox in the semi-final on the same card, which Russell V. tackles Tom de Milo in the special event.

SAN DIEGO MEETS EL MONTE  
TODAY FOR SOUTHLAND TITLE

EL MONTE, June 8.—The battle of the Poles will be fought on the El Monte High School baseball diamond tomorrow afternoon at 2:30 o'clock when Pitcher Dabrowski of the San Diego High School meets Pitcher Malinovsky of the El Monte High in the game that will decide the high school baseball championship of Southern California. Dabrowski, because of his greater experience and age, is the logical favorite over his younger and slighter rival who was converted into a pitcher only two months ago, but Malinovsky compensates by his brainy pitching and heavy hitting for what he may lack in his arm. Outside the pitcher's box the teams are evenly matched, both being excellent fielding teams for high schools and both having a quota of good hitters. The advantage given San Diego by virtue of superior box work will be offset in a measure by the fact that El Monte is playing on its home grounds and before a friendly crowd.

AUSTIN CLAPP CAPTURES  
A NATIONAL SWIM LAURELS

Hollywood A.C. Merman Outclasses  
Field in Mile Event; Weissmuller  
Retains 440-Yard Tank Crown

SAN FRANCISCO, June 8.—Johnny Weissmuller's retention of his 440-yard free-style swimming title in a nip-and-tuck battle against "Buster" Crabbe of Honolulu and the capture by the Hollywood Athletic Club miler, Austin Clapp, of the junior national one-mile event, featured Olympic championship tests in the Fishhacker Pool today.

The Illinois Athletic Club's ace failed to see a set-up in Crabbe and leaped into a fifteen-yard lead at the start.

Crabbe, who had been maintained until fifty yards from the finish line, leaped just enough to spur Weissmuller.

Weissmuller came through with a finish based on ten years of experience, which the Hawaiian was unable to equal in the third time.

Crabbe, who had been maintained until fifty yards from the finish line, leaped just enough to spur Weissmuller.

Weissmuller came through with a finish based on ten years of experience, which the Hawaiian was unable to equal in the third time.

RABBIT PUNCHES  
PAUL LOWEY

PURDUE'S serious proposal to use the airplane in traveling to the Coast for a game with California at Berkeley in 1929 is a more or less significant development in intercollegiate sport. If it "takes," as the boys say, one of the severest drawbacks to intercollegiate football struggles—faculty objection to absence from classes—will be automatically removed. The Purdue boys will be away from the classroom only two days, which is nothing at all if you stop to consider that U.S.C., for example, spends a week coming and going on a trip to play Washington at Seattle.

The new mode of transportation for pigskin warriors also strikes a wallop at the bugaboo of post-season games—conference rules. The boys in the Middle West and East won't have to worry about that matter any more. The Big Ten conference has a stern edict against post-season bouts although it did bend a bit in permitting Ohio State to come West in 1921 for the New Year's Day game with California. All the graduate managers will have to do now is thumb down their schedules, find an open date, line up a game with some eleven on the Coast, and hire two or three planes to carry their teams West—or vice versa.

## POOR OLD PASADENA?

THERE is only one cruel note in the whole scheme. The more intercollegiate games played during the regular season the less attractive becomes the New Year's Day game at Pasadena. In the old days this stood out as the landmark of intercollegiate football. It was the only thing of its kind in the Far West. The natives of the Coast never had a chance to see an eastern eleven perform here unless they attend a Pasadena New Year's Day game.

But with U.S.C., California and Stanford bringing in middle-western and eastern elevens there is nothing different in Pasadena's offering.

However, the silver lining that has blessed Pasadena in past years still exists—the weather, and January 1. California and Stanford find it risky business monkeying with the weather man for holiday games on their native heath. Washington, Oregon and the other institutions of the Northwest seldom try. They know better. And anyway, the airplane business hasn't been proved practical for the football warriors—yet. They may not be able to "stomach" the trip, and gridiron heroes with bum stomachs are about as useless as a one-legged guy on a football field.

## OLD HEROES RECALLED

T'AT recent St. Vincent's reunion at the Elks' Temple brought out some of the real heroes of the past—Fred Snodgrass, who as a Giant outfielder, made the celebrated \$1,000,000 mull in center field during a world series; Dr. Frank Acker, who was a star halfback, first at U.S.C., then St. Vincent's and later an All-American at St. Louis University; Jim Donahue, the all-around king; Pinky Grindle, former Coast League outfielder; Bill Lane, star pitcher for the Saints, who also had a fling in the Coast League, and many others, including Al Dingman, Dr. Walter Holleran, Bill Carrigan, Walter Casey, Dr. Henry McDonald, Angelo Basso, Andy Francisco, Tony Ortila, Jesse Boice, Jack Hayes, Fred Swenson, Frank Murray, Gene Biscailus and Andy Mullen.

I remember the feats of three of these old heroes in particular—Snodgrass for his heavy bat and his terrific throwing arm when he

Jackie Stops His Rival in  
Third Round of Main Bout  
at Hollywood

Jackie Fields, local welterweight boxer, knocked out Don Fraser, champion of the northwest title, in the third round of the scheduled ten-round main event at the Hollywood Legion Stadium last night.

A right wallop to the solar plexus did the trick. Fraser never had a chance throughout the abbreviated session. The opening round was a warm-up for Fields. In the second and third rounds Fields won every punch.

Johnny La Mar won a decisive verdict over Sammy Offerman in the semi-wind-up. Lamar scored two knockdowns over the Jewish lad one in the second and the other in the sixth. Offerman didn't take a count on either occasion.

In the sixth canto Lamar cut Sammy's lip wide open splattering blood promiscuously on Johnny, himself and the referee.

In the special event Joe Mancillas copped the decision from Veal Whitehead. Santa Monica schoolboy, Manuel Vasquez rubbing for Teddy Lewin took the nod over Jack O'Brien in the second bout of the evening, while Jess Sutton, heavyweight, looked good coping four rounds from Andy Dumlair, in the curtain raiser.

Several newcomers to the club will be on hand for the high jump. Henry Laselette, the Pacific prep sensation, will team with Arthur, a Mercury veteran, and Don Mercury Branton and Beacon. Maxwell is Bob's younger brother and

# Defeat Giants and Move Into Second Position

## NEW INDIANS Join Seattle Outfit Here

Bill Klepper, who is still signing up athletes to strengthen his Seattle Indians for the second half, has landed two more players. The latest addition to the Seattle Tribe are Pitcher Sheehan, secured from Detroit, and second baseman "Pep" Young, purchased from Fort Worth. Both men will arrive here tomorrow and join the Indians down here next Wednesday, when the Tribe opens a seven-game series with Los Angeles.

Sheehan, who is still signing up athletes to strengthen his Seattle Indians for the second half, has landed two more players. # KINNEY CLOUTSHOMER WITH TWO ON TO BEAT ACORNS, 4-1

## SEAL CLUB DEFEATED BY INDIANS

Seattle Sluggers Go on Warpath to Hammer Out 9-10-0 Victory

At this juncture Kinney waded into one of Cooper's fast ones and his big black bat banged the ball over the right-field fence for a home run. Health and Basler trotting over the plate in front of the home run.

Lee and Kerr followed with singles, but Cooper prevented any further scoring by retiring Twombly and Roth on easy outs.

Baseball slugger Kinney has been bothered with a lame arm, may take the mound for the Seattle Indians today. If he does not pitch, Hank Hulvey will pitch. Both have been pitching fine ball in their last few times out. Score:

SEATTLE Indians 9, SEAL CLUB 10-0. Kinney 1 hit, 1 run, 1 RBI. Health 1 hit, 1 run, 1 RBI. Basler 1 hit, 1 run, 1 RBI. Twombly 1 hit, 1 run, 1 RBI. Roth 1 hit, 1 run, 1 RBI.

SEATTLE Indians 9, SEAL CLUB 10-0. Kinney 1 hit, 1 run, 1 RBI. Health 1 hit, 1 run, 1 RBI. Basler 1 hit, 1 run, 1 RBI. Twombly 1 hit, 1 run, 1 RBI. Roth 1 hit, 1 run, 1 RBI.

# LOWRY'S RABBIT PUNCHES

## DUCKS ANNEX THIRD IN ROW

Caught for St. Vincent's; Acker for his bull-like rushes and feet-footed spins as a halfback; Donahue for his excellence as an all-around athlete despite his lack of height. Although it seems a sin to recall the misdeeds when they were so few and far between I can't forget Fred Snodgrass throwing Occidental into the Southern California baseball championship back in 1906. It must have been because my youthful soul was pulling for Occidental that the incident seems so fresh. At any rate Thacher of Oxy was on first with the score at 2-1 in the last of the ninth when Snodgrass let go a tremendous heave to catch him off the bag. The bullet-like throw was wide and Thacher scored from first with the winning run, the ball rolling clear to the old Chutes Park right-field wall. Fred is a brother-in-law of a very esteemed friend of mine—Mr. Harold Tuttle—therefore I hasten to apologize for bringing up the dead past. However, Brother Acker also comes in for one because I distinctly remember how Ed Merrill's Oxy Tigers murdered Acker and his mates, 24 to 6 at old Bear Park in 1905. The year before Acker and Burch DeLoe, playing for U.S.C. ran riot on the Tigers, 38 to 4. Percy Hagerman's 45-yard place kick saving the Tigers from being skunked.

First came with three men on base. All the Brown's' circuit' crowd were in the ninth inning. Brannon hit his third in three days. Score: PHILADELPHIA 10, ST. LOUIS 3. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI.

PHILADELPHIA 10, ST. LOUIS 3. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI.

PHILADELPHIA 10, ST. LOUIS 3. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI.

PHILADELPHIA 10, ST. LOUIS 3. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI. Brannon 1 hit, 1 run, 1 RBI.

LOSS REPORTED  
BY INVESTMENTReal Estate Sales for First  
Five Months OffOil Royalty Income Declines  
\$80,895 During PeriodNet Earnings Equivalent to  
10 Cents Per Share

Net profits of the Los Angeles Investment Company for the first five months of the year amounted to \$815,184.37 after all charges but before Federal income taxes, as compared with \$803,029.30 for the corresponding period of last year, a decrease of \$12,155.07, according to a statement released yesterday by the company.

This is equivalent to slightly more than 10 cents a share before income taxes, on 5,000,000 shares of capital stock outstanding. In the first five months of last year the company earned 17 cents a share before taxes, based on the same capitalization.

The reason for this decline, officials of the company state, is that in 1927 the company placed on the market a View Park subdivision for which the public had been waiting a number of years. The subdivision sold very readily, resulting in abnormal sales for May, 1927.

Net profits for May totaled \$86,851.91 after all charges but before income taxes. Average net profits for the five months amounted to \$163,038.87 as against \$172,619.87 in the corresponding period of last year, a decrease of \$9,581.00.

Income from oil royalties for the first five months of the year totaled \$222,569.54 as compared with \$203,284.18. This is attributed in part to the reduced prices for crude oil which have been in effect the past year, it was stated. Production of oil during the month of April on land owned by the company, amounted to 283,579 barrels, as compared with 358,699 barrels for the same month last year.

Real estate sales for the month of May amounted to \$124,968.75 as compared with \$108,000 for the same month last year. Sales for the first five months aggregated \$744,500 against sales for the first five months ended May, 31, 1927, of \$698,322.50.

Trade Retarded  
by Cold Weather  
and Heavy Rains

NEW YORK, June 8. (AP)—Bradstreet's tomorrow will say:

Cold weather and excessive rain fall in wide areas are credited this week with retarding crop growth and retail trade. In some sections, the East Gulf areas, along the lake borders and on the upper Atlantic Coast, special emphasis is laid on the combinations of weather noted retarding buying of wearing apparel and delaying crop growth. In the Southwest, however, copious rains have practically assured enough moisture to bring a very large winter-wheat crop to maturity, while late advances note the arrival of heavy rains in our spring-wheat northwest and in Canada. Warm, dry weather and the advance of the summer season are confidently expected to improve both crop and trade conditions.

The underlying agricultural conditions seem to have on the whole, improved, indicated in prices of grain, which are all lower on the week after a rather noticeable decline in late May.

Weekly bank clearings, \$12,578,222.00, an increase of 28.8 per cent over last year.

London Daily Radio

BY ARTHUR W. KIDDY

LONDON, June 8. (By wire.)

The markets were completely stagnant today because of the end of the account. Settlement begins Monday.

The tone was dullish in places, including oil, but rubbers were steady to firm, with investments good, and industrial featureless, including DeBeers.

The money market was easy, affected by expectation that no change will be made in the Chicago rate.

THREE NEW ISSUES  
ON CURB CALL LIST

Common stock of Italo Petroleum Corporation and Marine Bancorporation and preferred stock of Diamond Electrical Manufacturing Company have been called for trading on the Los Angeles Curb Exchange, officials of the curb announced yesterday. Stock of the Italo company is of \$1 par value, while that of Marine Bancorporation has no par value.

COTTON MARKET

NEW YORK, June 8. (AP)—Opening of cotton futures in response to earlier Liverpool cables was followed by a rise in the cotton market today on apprehensions of unfavorable weather developments over the United States.

Advances in the market were not a result of a renewal of week-end trading or speculation, but rather a result of a quiet, price showing a decline in the 40s to 45c. October contracts advanced 20 to 25 points in mid-afternoon, active trading generally showing less than 10 to 15 points.

New Stock and  
Bond Offerings  
on Mart Today

New stock and bond issues offered Pacific investors today include voting trust certificates of Aeronautical Industries, Inc.; first mortgage bonds of the Lumbering Power, Light and Waterworks, Ltd.; and first mortgage bonds of the Pierpont Hotel Corporation.

W. W. Townsend & Co., Inc., is offering 100,000 voting trust certificates of Aeronautical Industries, Inc., at \$20 per share. Each share of stock to be presently issued in exchange for the new bonds will carry a detachable warrant entitling the holder to purchase one share of treasury stock at \$30 per share until May 1.

Potter & Co. are offering \$1,000,000 first mortgage bonds, twenty-year sinking fund 7 per cent, of the Lumbering Power, Light and Waterworks, Ltd., of Lumbering Germany. Proceeds of the issue will be used exclusively for addition and extension of the company's plant.

S. W. Strauss & Co. are offering \$1,175,000 first mortgage bonds (5 3/4 per cent sinking fund gold bonds of the Pierpont Hotel Corporation, due 1940) at \$100 per share. The bonds are the land and sixteen-story club hotel to be erected immediately on Brooklyn Heights, Brooklyn, N. Y.

Stockyards Set  
Record in May

May live-stock shipments by truck to the Los Angeles Union Stockyards broke all previous records for a single month, while train shipments exceeded previous May records for the past six years, according to the exception of one year, J. A. McNaughton, vice-president and general manager, declared yesterday.

Many shipments by truck totaled 3119 cattle, 833 calves, 1059 hogs and 609 sheep, which are equivalent to approximately 127 carloads. Cattle shipments by truck totaled 127 carloads, an increase of 22 per cent over the same period of last year. Shipments by rail for the month of May amounted to 775 carloads.

Mr. Toplitzky fills the vacancy created by the resignation of C. A. Madary, secretary of the company, who has been temporarily serving on the board of directors.

Toplitzky Put on  
Richfield Board

Joe Toplitzky, Los Angeles capitalist and real-estate operator, has been elected to the board of directors of the Richfield Oil Company, according to an announcement made by James A. Talbot, president of the company.

Mr. Toplitzky fills the vacancy created by the resignation of C. A. Madary, secretary of the company, who has been temporarily serving on the board of directors.

## NATIONAL TEA SALES UP

NEW YORK, June 8. (AP)—Sales of National Tea Company for five months this year jumped to \$34,100,000, an increase of 67 per cent, over the same period of last year.

## THE INVESTOR

Split-Up by Financial and  
Industrial Securities in Air  
on Wall Street

BY WILLIAM RUSSELL WHITE

(Copyright, 1928, by New York Evening Post, Inc.)

NEW YORK, June 8. (AP)—The Financial and Industrial Securities Corporation, one of the wealthiest of this country's investment corporations, is expected to split up the common stock of the company for the first time in its history.

As a result of the sale recently of some large blocks of its holdings, it is understood the corporation's profits in the corporation's history. Moreover, it is understood the steady rise in prices of securities in the market value of its assets to well above \$100,000,000, and that the company continues to have no liabilities.

The company is known to be in a strong cash position and it seems likely, therefore, the directors, either in the present or the succeeding quarter, are likely to take some action in reference to a split or extra dividend of some sort.

Directors may consider at the same time a proposal for retirement of the \$15,000,000 7 per cent cumulative preferred stock, which is callable at \$110 a share on thirty days' notice. The preferred has advanced to about the callable price, while the callable has jumped from \$115 to \$144 a share in anticipation of early favorable developments.

USE OF ELECTRICITY GAINS  
Edison Merchandising Manager Estimates Appliance  
Sales in Field at \$4,000,000 in 1928

More than \$4,000,000 worth of domestic electrical appliances will be sold in the territory served by the Southern California Edison Company this year, according to W. L. Frost, general merchandising manager of the company. Of this amount the Edison company itself will sell approximately \$1,500,000, the balance being sold by the more than 800 electrical contractors and dealers, throughout the territory.

As a result of the intensive work which the electrical industry has done in the last few years in popularizing the idea of "let electricity do household drudgery tasks," thousands of homes in Southern California are today practically electrified. The volume of appliance business which our company is doing this year," said Mr. Frost, "is almost three times that which we did in 1925, and at the present rate of increase it is reasonable to expect to anticipate that this year's sales will be about \$4,000,000, or 50 per cent more than last year's.

The present rate of consumption of electricity for domestic use in our territory," said Frost, "is 522 kilowatt hours per consumer per year. In 1925 we were distributing less than 300 kilowatt hours to domestic consumers. This is an increase of approximately 75 per cent and indicates the increasing popularity of electricity in the home.

This year's sales have set a goal for our territory of 5000 electric ranges, 2500 electric refrigerators, 5000 washing machines, 1000 electric irons, 10,000 vacuum cleaners and 100,000 small appliances.

"During the first five months of this year we have taken into our lines a total of 48,232 horsepower in new domestic load. During the same period in 1927, 36,856 horsepower of new domestic business was taken into our lines.

"To date this year," said Frost, "we have taken into our lines 48,232 horsepower of new domestic load, which is an increase of 26 per cent over the 36,856 horsepower taken into our lines during the first five months of 1927. In addition to the actual selling work which our own merchandising department does, we are constantly striving to build up a consumer acceptance for all electrical appliances and in all of our merchandising activities we attempt to definitely tie in the entire electrical industry."

MEMBERSHIP LIST  
GROWS AT RAINBOW

Leigh Garmey, manager of the Rainbow Angling Club, announces that the last few weeks have seen an unusual number of applications for membership in the organization. The club, which is a combination of twelve-inch trout probably had a great deal to do with the rush for memberships, Garmey figures.

Good-sized catches were visited the club daily since the summer season started. A number of the anglers make two or three trips a week on Saturdays and Sundays by taking advantage of the overnight accommodations available there.

ARMOUR FINANCIAL  
STATUS IMPROVED

NEW YORK, June 8. (AP)—Subsidiaries in which Armour & Co. has an investment of \$84,000,000 are now in the soundest financial position since the war, according to an official report. Increased production of shoes is aiding the leather subsidiary, which showed a good profit last year. Armour's South American subsidiaries are expected to show new earnings in 1928.

NEWBERRY SALES IN  
SHARP MAY JUMP

Pacific Coast sales of J. J. Newberry & Co., chain store, for the month of May increased 51 per cent over May last year, while sales for the first five months of the year gained approximately 22 per cent over the same period of last year. A. G. Crittenden, Pacific Coast manager, announced yesterday. The company has just opened a new store at 151 South Broadway in this city, and recently opened its first store in Berkeley.

NEW BUSINESS OF  
MISSOURI LIFE UP

Total insurance-in-force of the Missouri Life Insurance Company passed the \$800,000,000 mark last week, according to an official report. For the first five months of the year, which is more than twice the amount gained in 1927, according to a statement released yesterday by the company. The written business for the first five months amounted to \$27,267,000, a gain of \$1,832,287 over the first five months of 1927. The Missouri Life Insurance Company is the 357 legal reserve companies doing business in America.

AMERICAN EXPORT  
TRADE DECREASES

WASHINGTON, June 8. (AP)—Reduction in European buying was shown today by Commerce Department figures to be the chief cause of the decline in American exports for April. Europe took less American goods during April than during last March, an average of \$48,720,000 more than for the corresponding period of 1927. Part of this increase is due to the fact that on March 1 of this year merchandise rates were increased 11.9 per cent.

FRENCH RAILROAD  
EARNINGS POINT UP

Receipts of the principal French railroads from January 1 to May 5 totaled 4,288,128,000 francs, or 292,712,000 francs more than for the corresponding period of 1927. Part of this increase is due to the fact that on March 1 of this year merchandise rates were increased 11.9 per cent.

## THE STOCK MARKET

BY CHARLES A. DICKE

PROFESSOR OF FINANCE

NO. 32. STATE OF THE STOP-LOSS ORDER

Only the merest amateur lies under the delusion that he can eliminate all loss and "beat the market."

The stop-loss order is one of these methods.

The stop-loss order always specifies some definite price at which it is to be executed. It is not a market order until the market reaches the specified price. Then it becomes a market order to buy or sell.

The stop-loss order is to be executed at the time it is given; it protects an order to sell short. The stop-loss order to sell is always at a price below the market at the time it is given; it protects an order to buy on the long side of the market.

LIMITING LOSSES

If our Mr. Brown, expecting an advance in the market, buys a stock at 60 and the market price falls to 52, he will lose 8 points. But if at the time of buying, or later, he gives a stop-loss order, he will always be 2 points below the market at the time it is given; it protects an order to sell short. The stop-loss order to sell is always at a price below the market at the time it is given; it protects an order to buy on the long side of the market.

LIMITING LOSSES

If our Mr. Brown, expecting an advance in the market, buys a stock at 60 and the market price falls to 52, he will lose 8 points. But if at the time of buying, or later, he gives a stop-loss order, he will always be 2 points below the market at the time it is given; it protects an order to sell short. SLACKENING  
REPORTED IN  
WOOL TRADEMarkets Generally Quiet  
With Quotations Ruling  
Around Old Levels

BY PAUL WILLARD GARRETT

(Copyright, 1928, by New York Evening Post, Inc.)

NEW YORK, June 8.—This week's unexpected rise of \$69,773,000 in brokers' loans, lifting the total to another new high in the face of the reserve system's efforts to check credit expansion, focuses attention on a condition not under reserve control.

Virtually the entire recent expansion in brokers' loans represents an outpouring of funds from sources outside the reserve system's jurisdiction. New York member bank loans for their own account in the current week actually fell, and the increase in loans for the town banks was small. These two items represent the only sources of supply at which the reserve officials can effectively set up checks. Apparently member banks now are making more of an effort to hold loans down. At least they have not lately been responsible for the general increase.

It was an acceleration in the flow of funds from member banks for the account of others that explains this week's sharp upturn and that a week ago turned the net change into an increase. In the current week member loans for the account of others jumped \$112,000,000 which after allowing for reductions elsewhere left the grand total up nearly \$94,000,000.

There was a time not so long ago when the third item in the account member loans for the account of others was a negligible factor. Early in 1928 it seemed insignificant by comparison with the volume of loans for members for their own account and those for the account of correspondent banks. Now it towers above all the rest. Instead of the smallest source of supply for speculative funds it is the largest. Just in 1928 to date loans from this mysterious source have increased by over \$750,000,000.

Here is the most baffling problem now presented to those anxious to hold down credit expansion. Nobody knows exactly where the money that goes into this item comes from. It would take a canvass of each member bank to find out, and the member banks are too anxious to reveal the secrets of their own business.

To the extent that money continues to pour from these outside sources efforts of the reserve banks to reduce loans at member banks will fail to accomplish the object in view. In a general way these outside funds are coming from investment trusts, private bankers, corporations and foreign lenders but over none of these does the power of the reserve system extend.

Bureau Issues  
June Estimate  
on Wheat Crop

WASHINGTON, June 8. (AP)—Production of 512,232,000 bushels of winter wheat this year is indicated by the condition of the crop on the 1st of June, according to a report of a normal, the Department of Agriculture announced today.

The condition of the wheat crop on the 1st of June was 79 per cent of a normal, compared with 86.8 per cent last year, and 88.4 per cent the ten-year average. A month ago, 479,086,000 bushels of winter wheat were in the condition of the crop on May 1, which was 73.8 per cent of a normal, last year's production was 500,000,000 bushels and the 10-year average 512,232,000 bushels. This year's acreage is 25,858,000, or 5.3 per cent less than last year.

The 1st inst. crop outlook is characterized by the department report, declared by a statement released yesterday, an abnormally low condition of spring-grain, and fruit production is materially better than last year.

MACHINERY TRADE  
VOLUME HOLDS UP

SLACKENING IN SOME LINES  
HELD OFFSET BY GAIN  
ELSEWHERE

NEW YORK, June 8. (Exclusive)—While buying and selling in the machinery trade in some industries demand from other sources is picking up, so that the total volume of business is about normal, the machinery trade in some lines, American Machinist reports. Everywhere employment in the metal-working shops is at a high level and in some centers, such as Cleveland and Cincinnati, skilled workers are at a premium.

Business is beginning to show improvement, particularly in New England. Some of the roads in the eastern States are showing signs of activity in the purchase of machine tools. In Detroit Ford is making substantial gains. They will be at a normal level. Reports from Chicago and Milwaukee on sales volume are mostly favorable. An upward trend in business is noted in Philadelphia. In New England sales during May were actually somewhat better than in the preceding month. Operations in the New York market were on a slightly reduced scale, but the decline in buying is regarded as temporary.

DATE SET FOR OPEN  
PASADENA NET PLAY

The dates set for the annual Pasadena open tennis championship tournament, run each year by the Pasadena Tennis Club, are June 15 to June 17, according to Dick Charnock, who has charge of the entries. Men's singles and doubles are the only titles at stake, and the names of players wishing to take part in the event will be in by noon the 13th inst.

James Ruescher, Pasadena, will defend his singles title and Jack DeLara and Charles Wessner of Los Angeles, will be on hand to attempt to duplicate their win of last year in the doubles event. A large entry is expected as the tournament is sanctioned by the Southern California Tennis Association.

AMALGAMATED SILK  
EARNINGS INCREASE

Amalgamated Silk Corporation statement of earnings for six months ended April 30 showed net profit of \$27,486, after deducting depreciation, as well as interest and other charges, according to a statement received from the company yesterday. This compares with a loss of \$76,848 for the previous six months. Gross operating profit amounted to \$474,002.

BROKER LOAN CURB FAILS

Business is beginning to show improvement, particularly in New England. Some of the roads in the eastern States are showing signs of activity in the purchase of machine tools. In Detroit Ford is making substantial gains. They will be at a normal level. Reports from Chicago and Milwaukee on sales volume are mostly favorable. An upward trend in business is noted in Philadelphia. In New England sales during May were actually somewhat better than in the preceding month. Operations in the New York market were on a slightly reduced scale, but the decline in buying is regarded as temporary.

DATE SET FOR OPEN  
PASADENA NET PLAY

The dates set for the annual Pasadena open tennis championship tournament, run each year by the Pasadena Tennis Club, are June 15 to June 17, according to Dick Charnock, who has charge of the entries. Men's singles and doubles are the only titles at stake, and the names of players wishing to take part in the event will be in by noon the 13th inst.

James Ruescher, Pasadena, will defend his singles title and Jack DeLara and Charles Wessner of Los Angeles, will be on hand to attempt to duplicate their win of last year in the doubles event. A

STOCKS RESUME  
PRICE DECLINE

(Continued from Fourteenth Page)  
no merger is contemplated or planned. Losses in the other motors ranged from fractions to 3 points.

## SPECIALTIES HIT

High-priced specialties were again the hardest hit. Adams Express broke 19 points to 302 and Allied Chemical, American Express, American Republics, Archer Daniels Midland, A. M. Evers, Case Threshing, Delaware & Hudson, Greene Carriers, International Harvester, the Kelly-Springfield preferred, the Midland Steel Products preferred, U. S. Cast Iron Pipe, Warren Southern and Wright Aeronautical sold down 5 to nearly 6 points.

Foreign exchanges moved within narrow and irregular limits. Sterling cables ruled unchanged around 84 1/2-1.

## COMMODITIES WALK

Reactionary tendencies also predominated in the commodity markets, although most of the losses were small. Wheat futures dropped a cent or to a level on reports of further rains in the Northwest. Cotton drifted within narrow and irregular limits. Coffee prices were slightly firmer and rice prices showed practically no change.

TANKER SAFETY PLAN APPROVED

Standard Oil Policy Given Praise by Official  
Says Blasts Rarely Occur in Company's Fleet  
Education Program Urged as Problem's Solution

A program of education in safety precaution by all oil companies is all that is necessary to prevent explosions aboard gas-filled tankers, according to Charles H. Robertson, assistant marine chief of the Standard Oil Company of California, who returned from an industrial survey of the Hawaiian Islands yesterday aboard the Lasso.

Discussing methods of preventing occurrences of such accidents as occurred recently to the tankers Richmond and Helen Olmstead, while at shipyards for repair, Mr. Robertson explained that the Standard Oil Company has for years practiced a "Safety First" policy, which has produced splendid results in accident prevention.

"I think Standard Oil leads the world of shipping in freedom from explosions or shore-side accidents, simply because we educate our employees at every turn in the absolute necessity of safety in handling all petroleum products. For instance, our own engineers have perfected a small hand-held gas detector, by which a man can tell through the sound of the instrument the gaseous content," said Mr. Robertson.

"All tools used aboard our tankers are so constructed to prevent sparks from being generated, and oil tankers must be gas-free before it goes to a shipyard for overhaul. A safety commission, as suggested, is good, but if every company adopted our plan I feel the percentage of explosions would be reduced to a minimum."

Mr. Robertson, while in Hawaii, made a complete tour of the islands aboard the inter-island Hawaiian Standard. Today he will have a conference with J. C. MacQuiddy, head of the Southern California marine department of Standard Oil before returning to San Francisco.

ALL-PACIFIC EMPIRE  
CRUISE BOOKINGS HEAVY

Seventy-five reservations have already been made for the 16,000-ton Lasso, Pacific liner, which is to circumnavigate South America on which the Lasso liner of the Los Angeles line will depart San Pedro on October 6, next.

Chandler, vice-president and general manager of the Standard Oil Company, which is directing preparations for the six-day voyage.

Mr. Chandler also announced yesterday that during the absence of the City of Los Angeles from the Hawaiian service, the Los Angeles Honolulu weekly schedule will be maintained by the liners City of Honolulu, Calawall, Diamond Head and a fourth ship, the negotiations are under way.

Before the City of Los Angeles returns here on December 9, she will call at twelve Central and South American ports, the cruise being so arranged that passengers will see the Pan-American countries at the height of the spring season.

Ruth B. Britton, general passenger agent of the Pacific Steamship Company, arrived yesterday aboard the Admiral Line, which is to arrive at the Admiral Line greyhound H. F. Alexander for a series of conferences with Southern California executives of the company. The H. F. Alexander brought 200 passengers and several hundred tons of freight to the port.

From Honolulu, 283 passengers came in yesterday morning aboard the Lasso liner of the Los Angeles line, which is to arrive at the port today.

At noon today, her sister ship in service, the Calawall, will sail with 130 cabin passengers and several thousand tons of Southland freight for the islands.

Prominent among those arriving yesterday aboard the City of Los Angeles was Fritz de Hogue-Guidberg, secretary of the Danish Home Legation at Copenhagen, accompanied by his wife on a world tour.

TRANS-PACIFIC MAIL  
Following schedule of sailing is given for the trans-Pacific mail:

June 11, from Los Angeles, specially addressed correspondence, to New Zealand, Australia, India, and Japan.

June 12, from San Francisco, Mail for Hawaii, New Zealand, Australia, India, and Japan.

June 13, from Seattle, Mail for Alaska, Canada, and Japan.

June 14, from Seattle, Mail for Alaska, Canada, and Japan.

June 15, from Seattle, Mail for Alaska, Canada, and Japan.

June 16, from Seattle, Mail for Alaska, Canada, and Japan.

June 17, from Seattle, Mail for Alaska, Canada, and Japan.

June 18, from Seattle, Mail for Alaska, Canada, and Japan.

June 19, from Seattle, Mail for Alaska, Canada, and Japan.

June 20, from Seattle, Mail for Alaska, Canada, and Japan.

June 21, from Seattle, Mail for Alaska, Canada, and Japan.

June 22, from Seattle, Mail for Alaska, Canada, and Japan.

June 23, from Seattle, Mail for Alaska, Canada, and Japan.

June 24, from Seattle, Mail for Alaska, Canada, and Japan.

June 25, from Seattle, Mail for Alaska, Canada, and Japan.

June 26, from Seattle, Mail for Alaska, Canada, and Japan.

June 27, from Seattle, Mail for Alaska, Canada, and Japan.

June 28, from Seattle, Mail for Alaska, Canada, and Japan.

June 29, from Seattle, Mail for Alaska, Canada, and Japan.

June 30, from Seattle, Mail for Alaska, Canada, and Japan.

Reverential Simplicity Marks Funeral Services in Memorial for Senator Works

Marked by the reverential simplicity that attended his way through life, funeral services were conducted yesterday afternoon for John D. Works at the Ingwood Chapel. The chapel with its ivy and tower stands upon the brow of a grass-covered knoll, and here from many walks of life came men and women to listen and to meditate. Most of those gathered in the chapel were persons of affairs, old friends about whose temples the snows of years had gathered. A solemn quietness and an air of contemplation were about them.

Here and there were elderly couples. There were several groups of judges present, some from the Superior Court and others from the Appellate and Supreme courts. There were men of prominence from the bar as well.

And here was a former Governor of the State of California and other men from the political life of earlier days. For their departed friend had been a noted jurist as well as a Senator and prominent in the civic activities of his country.

The flower-covered casket rested before a great floral bank and near it stood, on a standard, the American flag.

The formal services were simple.

## Orphans to Get Free Hair Cuts

Members of Los Angeles chapter, Associated Master Barbers of America, will start a tour of the orphanages and charitable schools of the city today to cut and trim the hair of youngsters gratis. For today begins the association's annual five-days-to-look-well week. All over the country needy youngsters are to be treated to a hair cut.

There are more than 30,000 members of the association in the United States, according to Harry Albright, president of Los Angeles chapter, and more than 500 members in Los Angeles.

## SOME PUPS NEED BARBERS AND SOME NEED CLOTHES, BUT THEY'RE ALL HAVING THEIR DAY

With more than 700 entries the Los Angeles Kennel Club dog show opened in Hollywood yesterday. Dogs are entered from all over California and from many parts of the United States. Particular interest was displayed in the unusual types of dogs: Small Chihuahuas, terriers, Belgian Griffons weighing less than four pounds, St. Bernards and Schnauzers, a German terrier breed used in police work. Leading all breeds in numbers are Boston terriers and shepherds. Larger exhibitors include the Danes and St. Bernards from the Harold Lloyd Kennels, Carrens from the Kenneth Harlan kennels and Russian wolf hounds from the Valley Farms kennels.

Jolia, the Belgian Griffon, at the left below, weighs less than three pounds and is owned by Mrs. Edward Casey of Santa Barbara. The breed finds favor in France where Griffons often are pitted against each other on the banquet table. Jambo, a Chihuahua, the smallest dog in the show, owned by Mrs. Louis B. Dickerman of Los Angeles, enjoys a ride on Hercules, St. Bernard, owned by Harold Lloyd. To the right is Kernal Defense, English bull, owned by Mrs. E. C. Lakin of Los Angeles. Judging will be finished this afternoon. The show closes tonight.

AUTHORITY

## CANYON BLAZE UNDER CONTROL

Approximately 200 Acres Burn Near Saugus

Ranger's Quick Work Saves Mountain Cabins

Crews Battle All Day to Conquer Flames

Approximately 200 acres of watershed in the heart of Bouquet Canyon, fourteen miles east of Saugus, were burned over yesterday by a fire that for a time threatened the entire canyon, but which was reported under control late last night by Forest Ranger Peterson, in charge of the fire fighters.

Although no cabins were destroyed, quick action on the part of County Fire Wardens Daries and Pierson in rushing a county water truck to the scene was credited with saving three of the most valuable cabins in the district.

The fire broke out shortly after 7 o'clock yesterday morning on the edge of the canyon road half-way between Recreation Camps Nos. 1 and 2, and in a few minutes was sweeping up the south slope of the canyon.

## FIRE BREAKS BARRIER

Every available man in the district was mobilized by Peterson and an outside call for help was issued.

An extra force of men rushed to the scene by Forest Supervisor Cecil was believed to have the fire under control at 3 o'clock, but shortly before 4 o'clock a southerly wind which had been blowing during the day, increased in intensity and the fire jumped the road to the north side of the canyon and burned its way to the top of the ridge.

The fact that the wind, which later in the evening subsided, blew across the canyon instead of east or west, coupled with the fact that the sap now is high in the foliage of the district, is said by rangers to be the only reason the fire did not get out of control.

## WATCH FOR HIDDEN SPARKS

Shortly after 7 o'clock last night Fire Dispatcher Buttner at the Newhall ranger station, checked in an additional twenty-five men who were used on patrol throughout last night watching for hidden sparks.

The fire started from an overlooked spark left by rangers the night before along the road, where they had been burning grass in an effort to prevent fire lighting from automobiles and tourists in the canyon.

The fire is five miles from the west end of the canyon.

Rangers "Ray" Mueller and Lou Anderson from the Pasadena headquarters of the Forest Service are aiding in checking the flames.

## CONTEST WINNERS HERE

Six winners in a popularity contest in Fresno will arrive at the Alexandria at 3 p.m. today to attend a dinner in their honor and remain overnight and then leave for Catalina Island Sunday morning for a week's stay. The young women are Frances Erdman, Florence Vance, Shirley Tilly, Thelma Compton, Dorothy Edwards and Martha Duncan.

## FILIPINO ALUMNI TO MEET

For the purposes of fostering closer ties among the college alumni and college students now in the United States, a number of Filipino college alumni who graduated from various colleges in the United States will hold their first annual gathering at a dinner-dance at the Alexandria the 19th inst.

## PASADENA LEGION QUEEN CROWNED

Lillian Guenther

## EXPOSITION ENTHRONES FAIR RULER

Golden-Haired Aspirant Wins "Miss Personality" Competition in Crown City

PASADENA, June 8. — Miss Lillian Guenther, golden-haired and witty, won the title of Miss Personality last night at the Pasadena American Legion Post's circus and exposition which will culminate tomorrow night. More than 300 girls in this vicinity entered the elimination contests held during the past two months in local theaters.

A silver cup and basket of roses were presented to the winner, who recently was graduated from the Orton School for Girls. Miss Guenther is of the slender type and her height was accentuated by a full-length white silk tulle dress. She lives at 439 South Union avenue, Los Angeles.

Iris Adrian won second place. Patay O'Day, third; Peggy Perkins, fourth; and Alta Paulkner, fifth. Estelle Elster and Ruth Roberts tied for sixth place.

Miss Kathryn Campbell conducted the contest and the judges were Arthur P. O'Rourke, commander of Post No. 13, American Legion; D. J. O'Leary and Dr. Paul Holmes.

## Millikan Rays to Be Discussed

The annual meeting and banquet of the Southern California Academy of Sciences will take place at 6:30 p.m. Monday at the Los Angeles City Club, 833 South Spring street, according to announcement yesterday by Dr. R. H. Swift, secretary.

B. R. Baumgardt will speak on "The Millikan Cosmic Rays and Their Bearing on Our New Conception of the Universe."

## ZONE FLEA DEFERRED

The City Council yesterday decided to postpone for thirty days consideration of the proposal to zone Western avenue from Washington street to Adams street for business buildings.

## BIRDS OF STEEL TO SPAN NATION

Coast-to-Coast Flights in Day Prophesied

Fokker Chides Los Angeles for Airport Lack

Commerce Chamber Urges Plant Site Here

Development of transcontinental airways with twenty-four-hour service between the west and east coast, now is only a matter of a year or two, Anthony H. G. Fokker, designer of the Southern Cross, Commander Byrd's North Pole plane and the outstanding commercial planes in use in the United States, declared at a luncheon given yesterday in his honor at the Chamber of Commerce.

The primary obstacle in the way of a more rapid development of such a service is inadequate ground facilities, he added.

"Paradoxical as it may seem," he said, "the development of airways rests primarily on the ground and not in the air. Adequate airports, properly lighted, equipped with wireless and capable of furnishing accurate weather reports, must be established before you can have successful transcontinental airlines."

He censured Los Angeles for not having already established a municipal airport of the magnitude that the future commercial aeronautical possibilities of the city warrant and praised highly the work of the Western Air Express in having taken the lead in establishing private airplane facilities along with the air mail and passenger lines. He declared that in his opinion Vail Field, now used by the Western Air Express, should be made a municipal airport without delay.

## SITE HOPED FOR

President George L. Eastman of the Chamber of Commerce, who presided at the luncheon attended by business men of the city and members of the aviation committee of the City Council and Mayor Cryer, commenting on the report that Mr. Fokker plans to erect an airplane factory on the Pacific Coast, declared he hopes Los Angeles will be the place selected for it.

"We can pledge you now," said Mr. Eastman, "that the co-operation of the Chamber of Commerce and every association that it is possible for this organization to have. Every man in Los Angeles will be behind you."

While Mr. Fokker made no comment at the luncheon regarding the plans for his factory, which will manufacture from 200 to 500 planes a year, he was obviously impressed with the reception given him and the chamber's offer to co-operate in the project. He had previously announced that he regarded Los Angeles as one of the forthcoming aviation centers of the world.

## LEADERS MEET

Mr. Fokker and Allan Loughead, vice-president of the Lockheed Aircraft Company and manufacturer of the plane which Capt. Wilkins flew over the North Pole and the Yankee Doodle, which yesterday established a new cross-continent speed record, met at the luncheon yesterday for the first time.

The news of the successful completion of the Australian flight of the Southern Cross was flashed to Mr. Fokker at the close of the luncheon, while he and Mr. Loughead discussed airplanes and airports. Just before coming to the luncheon, Mr. Loughead received word that the plane, designed and manufactured at his factory, had broken all previous cross-continent flying records for this country, having flown from San Diego to Harborsburg, Pa., a distance of slightly more than 2400 miles, in fifteen hours, an average speed of 130 miles an hour. The planes manufactured at his factory.

(Continued on Page 2, Column 3)

## The Lancer

Harry Carr

AFTER all these years we find that we have been needlessly cruel to a little society of poor boys just trying to get along.

George W. Olvany, a sachem of Tammany Hall, has explained to a Senate committee that Tammany isn't a political organization, at all. Just a little benevolent society where the members help each other.

The fact that Ross Tweed of Tammany managed to collect \$200,000,000 in graft in the short space of two years would seem to indicate the members of Tammany help each other in various ways.

## YOU SWEET THING!

However, I am going to think of the Tammany Tiger from now on as a sweet and smiling beast.

## CHALLENGE

The fact that the Italian government has sent a force of Alpine soldiers to plod along over the ice, hunting for the crew of the wrecked Italia, holds the essence of drama.

Somewhat it seems as though Providence resented a too bold attack. Some of the greatest disasters have happened to engines of exploration that were purposely planned to be powerful enough to conquer the storm king.

## AND WHO CARED?

A post that lasted fourteen years ended when a Cuban girl died in her room in Key West the other day.

Having quarreled with her lover, she shut herself up in her room and lived from the time she was 13 years old until she was 27. No one was allowed to enter; her food was passed in through an aperture in the door.

The sad part of life in these days is that nobody cares. The old saying, "The world forgetting—by the world forgot," has acquired increased steam and speed. No one is going to be coerced to come out of anywhere in these days.

## THE BOY KING

There is some significance in the fact that the little Queen mother of the baby King of Rumania speaks English to her son, and that this is the "Rastan" language.

This little boy is a mighty slim chance of ever becoming a king in fact. In all probability he will live his grown-up life in some other country—probably America.

## THE ENGLISH TONGUE

There seems to be an affinity of Slavic tongues for the English, nevertheless. It is said that the Russian imperial family always spoke English in the family circle.

The reason is that it is a language—especially the American version of it—which exactly expresses the spirit of the present day. Foreigners tell me that it is difficult to discuss certain up-to-date subjects without sliding over into English.

Ex-Senator Del Valle tells me that when he and his brother talk they always speak of certain subjects in Spanish and other subjects in English.

## STATE TO PICK

The West Virginia State Society will hold its annual summer picnic and rally the 16th inst., in Sycamore Grove Park, it was announced yesterday by Mrs. R. A. Falconer, president.

Consideration of the protests against the opening of Roselake avenue from Temple street to Lake street will be given by the City Council on June 28.

## AUNT HET

BY ROBERT QUILLLEN

"I never reminded Pa of his brother that went to jail except one time, and that was once when he interfered while I was spankin' our first boy."

**BLOOD TRACES  
NOTE OF LOVE**

Woman Shoots Herself and  
Then Writes to Mate

Estranged Wife Has Even  
Chance to Recover

Ill Health Given as Cause of  
Death Attempt

Tracking a farewell love note to her husband in the blood from a self-inflicted shotgun wound, Mrs. Edith Mier crawled to the telephone in her home at 414 North Ford street, Monterey Park, summoned a physician and lapsed into unconsciousness early yesterday morning.

She was taken to the Garfield Hospital, where physicians say she has an even chance of recovering. During a short period of consciousness Mrs. Mier told Dr. Butner, the physician who responded to her call, that she had attempted to end her own life because of ill health.

The contents of the note read: "Dear you... At the end of the note were several other words that the woman apparently had erased, according to Deputy Sheriff Hudson and Nestor of Temple substation.

Examination at the hospital revealed that Mrs. Mier received a wound from a .410-gauge shotgun slightly below the heart. An X-ray disclosed that none of the bullets penetrated vital organs and physicians said the victim is suffering principally from loss of blood.

Investigating officers say T. Clark Mier, husband of the woman, is living at Clackamas, Or., where he took their four children to live with relatives. Mrs. Mier had been living with her mother, Mrs. R. Ringquist, until yesterday when she slipped away to her own residence.

**SESSION HEARS  
BANK ROW ECHO**

(Continued from First Page)

bankers and the real-estate men in the State were explained by Hal O. Hotchkiss, president of the California Real Estate Association, in an address on "Mutual Interests." The program also included committee reports on standard forms given by T. E. Ivry, Jr., vice-president, California Bank; agriculture, by Col. J. B. Chaffey, vice-president, California Bank; and protective work, by Frederick H. Colburn, income-tax problems were discussed by Norman L. McLaren of San Francisco.

**SOME OFFICERS NAMED**

Officers to represent California in the affairs of the American Bankers' Association also were elected. The list includes:

Executive council, A.B.A.: Ralph B. Hardacre, executive vice-president, Los Angeles-First National Bank; H. B. Chaffey, vice-president, California Bank.

State vice-president, national bank division: W. P. Nestle, vice-president, First National Bank, Long Beach; savings bank division, O. L. Smith, vice-president, Anglo California Trust Company, San Francisco; State bank division, A. Lathrop, trust officer, Union Bank and Trust Company, Los Angeles; trust company division, C. Sumner James, vice-president, Citizens' National Trust and Savings Bank, Los Angeles.

The convention will close tomorrow with the formal election of officers, and with addresses by George A. Van Smith of San Francisco and Prof. Charles M. Newcomb of Cleveland, O.

**Bail of Diva's  
Son Forfeited**

Bail to the amount of \$2500, posted by the Henry Schumann-Heink, son of the opera singer, to insure his appearance in court on a charge of grand theft, was ordered forfeited yesterday by Municipal Judge Stafford when he failed to appear for his preliminary hearing on the charge.

Later a telegram from his attorney, Curtis Hillier, was introduced stating that Schumann-Heink was to appear in court in San Diego yesterday. Following receipt of the telegram, Judge Stafford continued the case until the 18th inst. No warrant was issued.

**Auto Mishap  
Trial Begins**

Suit of Mrs. Andre G. Freese against Raymond and Donald Leomazzi for damages totalling \$11,602 as the result of an automobile accident went to trial yesterday in Judge Hahn's court. Mrs. Freese testified that at the time of the accident she was an expectant mother but, due to the accident, was prevented from giving birth.

The Leomazzi brothers deny liability and particularly object to an item of \$2500 sought by the plaintiff for a complete outfit of baby clothes she said she purchased in preparation of the baby's coming.

**Training-Cruise  
Schedules Out**

Naval Reservists of Los Angeles will embark July 7 at San Pedro on the destroyers Selfridge, Marcus and Mervine, for their annual two weeks training cruise, the Navy Department announced yesterday in Washington.

The same day reservists from San Diego will leave that port on the Robert Smith and Chase, and the contingent from Santa Barbara will put out to sea on the Mullany.

Both groups will get liberty leave at Honolulu July 13 to 15. The cruise will end July 21.

**Grand Masters of Aviation Gather in Conference**

Celebrities of Flying Guests at Civic Luncheon  
Chamber of Commerce members and public leaders yesterday heard forecasts of Los Angeles' future from (left to right) President Harris M. Hanchus of the Western Air Express; Anthony H. G. Fokker, great airplane builder and guest of honor; President Eastman of the Chamber of Commerce, and Allen Loughness, vice-president of Lockheed Aircraft Company of Burbank.

**FEDERATION  
ROUND-UP TO  
OPEN TODAY**

Church Brotherhoods of  
California Will Convene at  
Pacific Palisades

(Continued from First Page)

The second annual round-up of the Federated Church Brotherhoods of California will begin this afternoon at Pacific Palisades and continue until tomorrow evening.

The brotherhood membership is said now to be near the 100,000 mark.

Law enforcement will be the subject under discussion at this afternoon's session. Speakers will be E. Manchester Boddy, Rev. Bob Schuler, Leonard Roemer, Judge Hahn and C. O. Thompson, chief deputy district attorney of San Bernardino county.

Social welfare work among children will be the topic for discussion at this evening's session, and tomorrow morning there will be a model Bible class conference at which Dr. W. C. Pearce will speak on the subject of the world's Sunday-school convention.

Speakers at tomorrow afternoon's session will be Prof. Maurice Roemer, Judge Westover, Col. Leroy Smith, Bishop W. Bertrand Stevens, Rev. Dr. William Martin, Dr. Gordon Palmer and Dr. Frank Warren.

A series of conferences on subjects related to work done by the church brotherhood will take place tomorrow morning in addition to the Bible class discussion.

**SEARCH ON  
FOR KIDNAP  
SUSPECTS**

Rancher Relates Tale of  
Desert Girl Being Stolen  
by Two Women and Man

Deputy Sheriffs yesterday were seeking two women and a man who are believed to have kidnaped 15-year-old Lorraine Kephart, from John Comstock, operator of the New England ranch eighteen miles northeast of Lancaster.

The story of the alleged kidnaping was brought into Lancaster yesterday by Constable Cummings who told Constable Cummings that two women and a man were at his ranch and mistreated the girl.

When Constable Cummings returned to the ranch, after a short absence, according to Constable Cummings' report to Sheriff H. Traeger, the girl and the alleged kidnapers had left. A few hours later, according to Comstock, the two women and man returned and asked for the girl and when he told them that she had left they accused him of kidnaping her.

The Kephart girl is an orphan, according to Comstock. One of the women who called to see her said she is her aunt.

**Wood Picked as  
Hollywood Chief  
in Chest Drive**

Hollywood's wealthier citizens, quietly approached for some months past, virtually are united in a movement to increase their contributions to the Los Angeles Community Chest this year over those they donated in any year heretofore.

This is the gist of a statement made yesterday by Larry Wood, Hollywood real estate operator, in acknowledging the announcement by the Hollywood executive committee of the Community Chest Federation that he had been elected chairman of the Hollywood division of the 1938 Community Chest campaign.

The following colonels and lieutenant-colonels, all seasoned veterans, were elected: Mrs. Morton Castor, Maryellen Maher, Leta E. Rich, Mrs. George L. Eastman, Mr. Jay Wedow and Mrs. William H. Clifford, colonels; and Miss Jesse Brown and Mrs. M. F. Palmer, lieutenant-colonels.

Mr. Wood said he has formed a campaign cabinet consisting of George L. Eastman, C. E. Toberman, M. F. Palmer, Mrs. Jay Wedow, Hamilton Lash, Mrs. Burdette H. Norton, Gilbert H. Beesemeyer, Carl Bush, George H. Coffin, Parker Foster, Frank Galloway, G. G. Greenwood, P. A. Hartwell, James B. Tregold and Dr. William H. Snyder.

**BIRDS OF STEEL  
TO SPAN NATION**

(Continued from First Page)

Featured by the two men are also the only planes to have successfully made the polar flight.

Speaking of history-making flights, Mr. Fokker declared the pilots are pioneers who are demonstrating to the world the future possibilities of commercial aviation.

He predicted that it is only a matter of time before transoceanic passage, airplane service will be established.

"I'm not claiming that it is possible right now," he said, "but we are rapidly approaching the point where we can build engines that will not fall and radios that can meet all the needs of such flying."

Commenting on the fact that 200,000 pounds of air mail was carried in the United States in a single month, he said it is only logical that all first-class mail transportation in the future should be by airplane. He said that, in his opinion, there is no more reason for the postal department fixing a higher charge for sending mail by airplane than there would be to make an extra charge because the mail was taken to the depot by automobile rather than by a horse-drawn vehicle.

**OAKLAND'S OUTLOOK**  
He told his listeners that Oakland was destined to have one of the finest airports in the world. At the present time, he said, the airport at Berkeley, Germany, exceeds all others being in the center of the city and but ten minutes by subway to the business district.

In closing, he declared that steps should be taken by all larger American cities to acquire ground for airports and to build them in the center of the city.

He offered to join with Will Rogers in offering a prize to the artist who painted the names on the roofs of their big buildings.

"I'm ready to have the Los Angeles truck right now," he said.

**GUEST LIST**  
Among the guests present at the luncheon who are now prominently identified with aviation are: Capt. Lucien Brunswig, president of the Brunswig Drug Company and one of the foremost druggists of Southern California, left last night on the Golden State Limited for St. Louis on a ten-day business trip. While in the Missouri city he will attend a convention of leading druggists of the country who are gathering for a three-day discussion of business conditions.

**COLORADOAN SEIZED HERE**  
William Black, formerly a marshal at Silverton, Colo., was arrested yesterday at Colton by Deputy United States Marshal Walsh. It is charged that the defendant furnished protection to bootleggers in Colorado. Black will be held here in the County Jail pending removal to Colorado for trial.

**ANNULMENT GRANTED**  
Ella Margaret Davies Pantalone, an attorney and reader in the marriage to Stena Anthony Pantalone on the ground that she was too young to know her own mind when the ceremony was performed. Judge Blake granted the annulment.

**KANSAS TO HEAR PROGRAM**  
The June reunion of the Kansas list in the Veterans Hall at 246 South Hill street. All Jayhawkers are invited to hear a popular program and join in dancing. H. J. Brubaker will lead the community singing.

**SEWERS DEMANDED**  
The Gardena Valley Chamber of Commerce yesterday asked the City Council to expedite the construction of sanitary sewers in that part of Gardena within the City of Los Angeles.

**OBJECTIONS OVERRULED**  
The City Council yesterday denied the protests against the improvement of Avenue 56 from Media Drive to Hermosa avenue and ordered the work to proceed.

**HEARING ARRANGED**  
The assessments for the widening of Los Feliz boulevard from the Los Feliz city boundary to Brunswick avenue will be considered by the City Council on September 7.

**SPACE FILLERS**  
An Arizona philanthropist has presented each house of Congress with a copy of the Bible bound in leather. These books will be particularly useful to read during a filibuster.

**Lawrence Tibbett  
to Arrive Today  
for Short Visit**

(Continued from First Page)

Lawrence Tibbett, Los Angeles native son and one of America's outstanding actor-singers, will arrive in Los Angeles at 9 a.m. today from Atlanta, where he concluded his season with the Metropolitan Opera company, which is sponsoring the degree of master of music, and this evening he will leave for the East to begin his early summer concert season.

In addition to renewing acquaintance with his family, which includes twin sons, and inspecting his new home, Mr. Tibbett will confer with the management of the Los Angeles Opera Association, which is sponsoring his autumn appearance here in three operas, "Tosca," in which he will appear with Mme. Jeritta, "The Jew" and "Pagliacci."

Tibbett at the conclusion of his June concert tour will return here to spend the summer.

**SADDLE CLUB OPENS**

Frances Starr, New York Horsewoman, Establishes Riding School

A new institution of interest to horse lovers has been opened on Jefferson Boulevard, Inglewood. It is the Saddle Club, a riding school established by Frances Starr, well-known horsewoman of New York and Boston, which has already attracted many film stars.

The club has a stable of thoroughbreds, according to Miss Starr, and has a polo field adjoining which matches will be played in the future. Miss Starr will enter mounts in the local shows hereafter, bringing a number of saddle horses with her to the Coast. Fannie Brice, Kathryn McGuire and Billie Rose already are patrons of the club.

**BRUNSWIG OFF TO ST. LOUIS**  
Lucien Brunswig, president of the Brunswig Drug Company and one of the foremost druggists of Southern California, left last night on the Golden State Limited for St. Louis on a ten-day business trip. While in the Missouri city he will attend a convention of leading druggists of the country who are gathering for a three-day discussion of business conditions.

**COLORADOAN SEIZED HERE**  
William Black, formerly a marshal at Silverton, Colo., was arrested yesterday at Colton by Deputy United States Marshal Walsh. It is charged that the defendant furnished protection to bootleggers in Colorado. Black will be held here in the County Jail pending removal to Colorado for trial.

**ANNULMENT GRANTED**  
Ella Margaret Davies Pantalone, an attorney and reader in the marriage to Stena Anthony Pantalone on the ground that she was too young to know her own mind when the ceremony was performed. Judge Blake granted the annulment.

**KANSAS TO HEAR PROGRAM**  
The June reunion of the Kansas list in the Veterans Hall at 246 South Hill street. All Jayhawkers are invited to hear a popular program and join in dancing. H. J. Brubaker will lead the community singing.

**SEWERS DEMANDED**  
The Gardena Valley Chamber of Commerce yesterday asked the City Council to expedite the construction of sanitary sewers in that part of Gardena within the City of Los Angeles.

**OBJECTIONS OVERRULED**  
The City Council yesterday denied the protests against the improvement of Avenue 56 from Media Drive to Hermosa avenue and ordered the work to proceed.

**HEARING ARRANGED**  
The assessments for the widening of Los Feliz boulevard from the Los Feliz city boundary to Brunswick avenue will be considered by the City Council on September 7.

**SPACE FILLERS**  
An Arizona philanthropist has presented each house of Congress with a copy of the Bible bound in leather. These books will be particularly useful to read during a filibuster.

**NEW AIRPORTS  
TO OPEN TODAY**

Four Fields in Owens Valley  
Will be Dedicated

Rodeo and Aerial Carnival  
Will be Features

Sportsmen to Get Benefit  
from Modern Facilities

Four modern and permanent airplane-landing fields established in Owens Valley on areas turned over to Inyo county for that purpose by the Los Angeles Department of Water and Power will be opened officially to the public today by a dedicatory program featured by a rodeo and an air carnival at Independence.

Acting in response to a request from the Board of Supervisors of Inyo county, the Los Angeles Board of Water and Power Commissioners recently turned over to the people of Owens Valley for use as airports four large parcels of land.

**NEAR EACH TOWN**

The areas are so distributed as to provide an airplane landing-field immediately adjacent to each of the four towns in the valley, Lone Pine, Independence, Big Pine and Bishop.

Since the City of Los Angeles made these sections of land available, Inyo county authorities and other Owens Valley organizations have put the ground in shape as landing-fields and have provided other necessary airport facilities.

**BOON TO SPORTSMEN**

Establishment of the Owens Valley airport facilities is hailed as a boon to tourists and sportsmen interested in visiting the scenic wonders of the Owens Valley and Sierra country. With airplane travel now made convenient in this region, it is pointed out that the route of the Los Angeles aqueduct which brings this city its domestic water supply from the Owens River.

**Decision Cites  
Negligence on  
Part of Horse**

If a horse is riding as a passenger on a truck and is struck by a car, the negligence of the driver is not the only factor in the accident, according to a decision of the court of equity.

Such was the ruling yesterday in the case of Ralph White against the Board of Water and Power Commissioners of the city of Los Angeles.

White, however, was given \$377 for two other passenger horses. The court ruled that he had not contributed to his injuries by sticking his head out.

The plaintiff asserted that he was transporting three film horses on a truck and when north of the city a vehicle was struck by a city truck loaded with pipe. One of the animals stuck its head out and was killed. The other two were badly injured. He asked damages for the loss of the horses and for the negligence on the part of the city.

**Another Stage  
to Leave Daily  
for New York**

Beginning tomorrow the Pioneer Stages-Yellow System will inaugurate another through schedule between Los Angeles, Denver, Chicago and New York, leaving Los Angeles Union Stage Depot, Fifth and Los Angeles streets, daily at 8 p.m. in addition to the other daily schedule which leaves at 8 a.m.

Transcontinental travel by motor stage has increased so much, according to officials yesterday, since the consolidation of the Pioneer Stages-Yellow System and the installation of the new reclining chair coaches, that another schedule became necessary to handle the traffic.

The trip from Los Angeles to New York City via the old Santa Fe Trail route through Denver may be made in seven days of through travel.

**LAST TRIBUTE  
GIVEN JURIST**

(Continued from First Page)

and brief, in accordance with the tenets of the Christian Science Church, Arthur W. Eckman, himself an attorney and reader in the church, read a passage from the Bible. There was an interval of silent prayer, following which all joined in the recitation of the Lord's Prayer. There was a song, the words of which were written by Mr. Baker Eddy, by Clifford Loti, Mr. Eckman took up again the readings from the Bible, selections from John and from Revelations.

The trip from Los Angeles to New York City via the old Santa Fe Trail route through Denver may be made in seven days of through travel.

**SEWERS DEMANDED**  
The Gardena Valley Chamber of Commerce yesterday asked the City Council to expedite the construction of sanitary sewers in that part of Gardena within the City of Los Angeles.

**OBJECTIONS OVERRULED**  
The City Council yesterday denied the protests against the improvement of Avenue 56 from Media Drive to Hermosa avenue and ordered the work to proceed.

**HEARING ARRANGED**  
The assessments for the widening of Los Feliz boulevard from the Los Feliz city boundary to Brunswick avenue will be considered by the City Council on September 7.

**SPACE FILLERS**  
An Arizona philanthropist has presented each house of Congress with a copy of the Bible bound in leather. These books will be particularly useful to read during a filibuster.

**MARKETING  
ASSOCIATION  
TO CONVENE**

Institute of Co-operation  
to Hold Annual Meeting  
on Coast in July

The American Institute of Co-operation will hold its fourth annual session in California and the Pacific Northwest during the month of July, according to announcements made yesterday.

The first session will begin on July 9 and continue here for one week with a prominent speaker, Dr. E. G. Nourse, president of the Institute.

Then will be devoted to trade conferences and lectures at the University of California at Berkeley, during which a week will be spent in field inspections in the Northwest.

The Institute of Co-operation is an incorporated organization, the purpose of which is to spread facts regarding co-operative marketing. The first annual meeting was held at the University of Pennsylvania, its second meeting at the University of Minnesota and the third meeting was at Northwestern University.

Among prominent agricultural experts from the East who will be in attendance are: E. G. Nourse of the Washington Institute of Economics; J. H. Tamm, chief of the Bureau of Agricultural Economics, and many other co-operative marketing leaders.

From California there will be representatives of cattle, walnut, poultry, apple, raisin, almond and orange marketing associations, as well as attorneys who have made specialty of such work.

**SURVEY OF  
FLOOD LAND  
LOSS MADE**

About 14,000 Acres in Path  
of Waters, Agricultural  
Officials Say

Approximately 14,000 acres of land were damaged by the flood waters following the break in the St. Francis Dam, according to W. R. Schoonover, in charge of the survey work being done by the Agricultural Extension Department of the University of California.

Headquarters for the survey has been established at San Fernando. More than 400 separate farms have been checked over by the survey workers, 339 farms being in Ventura county.

Damage to the farms ranged from slight covering by sand to total loss due to erosion or sand being on the farms to the depth of several feet. The survey is expected to be completed within the next two weeks.

**Gilmore Well  
in La Brea Field  
Burns for Hour**

An oil well owned by the Gilmore Oil Company in the La Brea field caught fire shortly after 6 o'clock last night and Engine Company No. 41 battled the fire for an hour before they could bring it under control. The loss was estimated at \$7000.

The well, located at the corner of Third and Heyworth streets, is said to be one of the best wells in the district and was on the pump last night when the fire broke out. A belt on the pump broke, whipping around and causing sparks that ignited the oil.

Firemen concentrated most of their efforts on surrounding homes which were being deluged with showers of long-burning sparks. None was damaged, however.

**MRS. TONG RITES TODAY**

Resident Here for Twenty Years  
Dies at Long Beach

Funeral services for Sarah J. Tong, 74 years of age, a resident of Los Angeles for the past twenty years, will be conducted from the Uiter mortuary, Monterey Park, at 2 p.m. today. Interment will be in Hollywood Cemetery.

Mrs. Tong died Thursday after a week's illness at the home of her daughter, Mrs. R. J. Horner, in Long Beach. Mrs. Horner is one of eleven children. Two sons, Roy Tong and John Tong, live here. The other children reside in other States.

**POLICE ASKED TO  
HELP FIND WOMAN**

Police last night were asked to search for Mrs. Elsie Heagh, 19 years of age, who disappeared sometime Thursday night. The young woman who makes her home with her mother at 1110 South Harvard Boulevard, went to a dance Thursday night at a downtown dance hall, where she was seen by friends, and disappeared following the dance. Mrs. Heagh is the mother of a 14-month-old daughter. She is separated from her husband, her mother told police.

**LUTHERAN EXECUTIVE HONOR**  
Rev. J. W. Kapp, executive secretary of the United Lutheran Brotherhood of America, was the honor guest last night at a special meeting of the Southern California Lutheran Men's Alliance at the Angeles Lutheran Church. Six hundred members of the alliance were present. Dr. Kapp is touring Western States.

**PAVING REQUESTED**  
The La Cienega Boulevard Improvement Association yesterday asked the City Council to start proceedings for the paving of La Cienega Boulevard from Venice Boulevard to Cadillac avenue and a part of Adams street, the pavement to be eight inches in thickness, the roadway to be seventy feet wide.

**FILM SUIT ASKS DAMAGES**

Woman Acquitted in Old Killing Sues  
Asserted Expose in Mrs. Reid's Screen Play

Exposed to contempt and ridicule, according to her motion picture dealing with a life she had forgotten, Dorothy Davenport Reid, screen actress and widow of the late Leonard Top, in 1915, yesterday filed suit for damages against the film company which produced her motion picture "The Red Kitten" and had been charged with murder, but asserted that following her acquittal she "became entirely rehabilitated."

With the exhibition of the motion picture in 1927, the complaint continues, Mrs. Reid's past was revealed to her new friends and acquaintances as that of a woman who had been tried for killing her reputed lover.

Prior to the production of the motion picture, the complaint states, Mrs. Reid married and made her home in Prescott, Ariz., where she now resides.

The picture is said to have been one of several produced by Mrs. Reid following the death of her husband several years ago. At the time Mrs. Reid announced it as her intention to fight all vice through the medium of motion pictures.

The case is the first of its kind ever to be filed in the local Superior Court, according to court officials.

Representing Mrs. Reid at the filing of the suit was J. H. Tamm, chief of the Bureau of Agricultural Economics, and many other co-operative marketing leaders.

From California there will be representatives of cattle, walnut, poultry, apple, raisin, almond and orange marketing associations, as well as attorneys who have made specialty of such work.

**One Man's  
Profits  
at  
Runnymede**

A LITTLE less than a year ago Mr. A. Alney, seeking investment for his funds, learned of the new Runnymede come plan for non-resident owners. After thorough investigation he decided that plan offered him a splendid opportunity for the profitable employment of his funds.

Acting on his convictions, Mr. Alney became one of the first purchasers at Runnymede under his new plan, and owns Nos. 14 to 18 inclusive. That his faith in the plan was well founded is best evidenced by the profits that his hens have made.

**\$1,048.18 IN TEN MONTHS**

Over a period of ten months, including moulting season, Mr. Alney's hens have produced a NET PROFIT of \$1,048.18. During the first four months of this year, his eggs were selling at unusually low prices, but NET earnings of these birds were as follows:

January ..... \$160.31  
February ..... 177.73  
March ..... 167.37  
April ..... 138.69

This is an average of \$32.05 per flock per month, NET.

**SIMILAR PROFITS FOR YOU**

Making profits at Runnymede is merely a matter of informing yourself about the plan we have for you and then ACTING. If you will take a little trouble to learn the details, you can put yourself in a position to make profits similar to those made every month by hundreds of others.

Operating the largest poultry plant in the world, where more than 60,000 birds are under the company management, Runnymede offers you something different from anything else in California.

**EGG PROFITS NOT ALL**

Egg profits are but a part of the new Runnymede plan. While egg profits thus far made by the resident owners show an unusually attractive return on the investment, a still greater profit opportunity awaits you at Runnymede in the land you own under this plan.

Land in "Los Angeles' better half"—The Fernando Valley—is something to be cherished. Advancing values mark it as the most desirable investment to be had anywhere, at any price. In this garden spot in which millions of dollars are being spent preparing it for the second million of our population which will live here.

Mail the coupon today, or phone or call for a copy of the new Runnymede plan. Drive out to Runnymede if you can, but at all events get the facts.

**YOUTH HELD ON  
GIRL'S CHARGES**

Defendant Bound Over to  
Face Superior Court

Auto Companion Dragged,  
Assaulted, She Says

Brutal Beating Final Injury,  
Complaint Asserts

Lois Blasco, 4413 San Antonio street, La Crescenta, was held for trial in Superior Court following her preliminary hearing by Municipal Judge Stafford yesterday on charges of having attacked and beaten 18-year-old Yvonne Blasco, a girl friend, at 2200 West 10th street, Los Angeles.

Yvonne Blasco is said to be a member of a prominent Los Angeles family.

According to the girl's story which was told in court yesterday, she was held in a room at the Hotel Monterey on the afternoon of May 1st last. On the way each took a bottle of wine from a bag.

# ASKS DAMAGES

## Old Killing Seeks \$50,000 in Mrs. Reid's Screen Story

A picture, according to her complaint, is a life she had forgotten. Mrs. Reid, a widow, filed suit for \$50,000 damages against the picture "The Red Kimono," which she claims is a portrait of her late husband, a well-known actor. The picture, she claims, is a "black and white" portrait of her husband, and she claims that it is a "black and white" portrait of her husband, and she claims that it is a "black and white" portrait of her husband.

# MAN FREED

## ON CHARGE OF KILLING

### Handkerchief Case Ends in Acquittal by Jury in Hour's Deliberation

Phil B. Fogert yesterday was acquitted in Judge Edmonds' court of a charge of manslaughter preferred against him in connection with the shooting May 3, last, of William Dietz, alias Max Pisco. Fogert was asserted to have shot Dietz at Seventh and Flower streets during an altercation that started, according to testimony, in a Central-avenue "beer joint" when Dietz snatched a handkerchief from Fogert. Later, Dietz was said to have made advances to Irene Noller, said to be the sweetheart of Fogert, precipitating a quarrel which ended in the shooting.

# Judge Testifies

## in Murder Case as He Presides

Judge Fricke of Superior Court yesterday acted as both judge and witness in the trial in his department of Vernon Paul Green, colored, charged with the murder of Leo King, also colored. When the State rested the defense summoned Judge Fricke as its first witness and sought to qualify him as an expert on firearms. Judge Fricke, who is considered an expert marksman, permitted himself to be qualified on certain points; to others he sustained prosecution objections. He gave testimony relative to the effect of pistol fire on glass. It is the defense's contention that Green acted in self-defense and that King first fired at him through the window of a taxicab. The shooting is said to have culminated an altercation between the two over Green's wife.

# AIR PULLMAN TRANSPORTS DOGS

## Theatrical Plane Brings Stage Colliers

Marco of Fanchon and Marco Greets "Actors"

THE day of the dog has arrived. When a quartet of colliers leaped from the cabin of a large biplane at Clover Field yesterday morning, they established the record for canine class, because they had traveled all the way from Kansas City as de luxe air passengers. They were picked up by Frank Baker, the pilot, in a new Buhi plane he was flying from Marysville, Mich., for delivery to Ambassador Airways to be put into service by Fanchon and Marco as the first theatrical air pullman.

# HUNT BEGUN

## FOR GIRL IN "BRANDING"

### Accuser of Former Film Director Sought When She Fails to Appear in Court

A State-wide search was launched yesterday for Jean Weston, model and motion-picture extra, following her failure to appear in Judge Edmonds' court for the trial of John A. Nelson, former motion-picture director, whom she charged with branding her with an obscene word while holding her prisoner in his Ventura Boulevard home. Nelson and his attorney, Charles Bush, were in court prepared to go to trial, but the poll of the witnesses failed to reveal the whereabouts of Miss Weston. Judge Edmonds ordered a bench warrant issued for her arrest and fixed bail at \$5000.

# NEW CAFE BLAST

## EVIDENCE FOUND

### Witness Says He Saw Russian Suspect in Basement

### Tells of Candles Burning Near Gas Meters

### Film Notables May Figure in Explosion Trial

Sensational new evidence uncovered in the investigation of the fire and explosion that wrecked the Russian Eagle Cafe, rendezvous of film stars, Wednesday night, was revealed yesterday by Capt. Norris Stensland, in charge of a search squad of the Sheriff's office. Interviewing John Ranson, 308 Woodward avenue, Venice, a carpenter, Deputy Sheriff Freeman and Hutchinson, working under Stensland, made a simple report that the carpenter told the following story: That Ranson went to work at the cafe on Tuesday afternoon and entered the basement to get some lumber and tools that he had left there.

# Artist Crespo

## Will Assist in Sanjuan Fete

Added to the list of artists already announced to appear in the Pedro Sanjuan testimonial festival at the Philharmonic Auditorium on the 16th inst. is the contribution yesterday of Jorge Juan Crespo, Mexican artist, who has designed a poster to herald the approach of the Spanish Jubilee. With a program of names well known to Los Angeles audiences, the evening of Spanish music, dancers and artists promises to afford a treat to all who attend. Rosa Gavito, pianist; Estelle Hearty-Dreyfus, contralto; Alma, soprano; Nelly Fernandez, dancer, and several others already have agreed to appear.

# Judge Advises

## Song Writer to Play New Tune

Maybe Sam Messenheimer, composer of popular songs, will turn out a new success. Attorney E. S. Hahn urged him to do so yesterday. Judge Montgomery hoped he would, and Messenheimer himself expressed some doubt as to his financial future unless he does. This all took place in Judge Montgomery's court, where Mrs. Lorrain Messenheimer demanded alimony pending trial of her suit for divorce, in which she has named Joan Crawford, picture actress.

# Club Aluminum

## Sales Up Sharply

Sales of the Club Aluminum Company for the Los Angeles area for May totaled \$108,000 compared with \$80,000 for the corresponding month last year, an increase of 78,000, according to a report just issued by the company yesterday. Sales for the first five months of this year amounted to \$480,000. The company began operations on the Pacific Coast during the latter part of February, 1927, and established headquarters in Los Angeles. Plans for the erection of a factory here to supply the West and Southwest as far Texas have been approved and construction on the first unit, to cost approximately \$250,000, will be started in the near future.

# Dam Death Claim

## Method Mapped

The City Council yesterday received inquiries as to the method of presenting a claim to the city as the result of the death of Clinton W. Harter, who lost his life in the collapse of St. Francis Dam. The inquiry was made by E. M. Rea on behalf of Harter's son and only heir. Mr. Rea was notified to file his claim with City Attorney Stephens.

# It was a lucky day for us

when Quasi Cooking Sherry was put on the market, and made available for all of us because it has transformed our cooking, don't you find and made out of simple dishes the most delectable viands imaginable. Quasi (pronounced Gwah-Ste) Cooking Sherry contains just enough salt to remove it from the beverage class and have it meet with government requirements. All you do when using it to cook with is to eliminate the salt. A better idea though is to send to the Italian Vineyard Company, 1248 Palmetto street, and get one of their free recipe books, known as "Treasured Flavours." Recipes of famous chefs simplified for your use and mine are contained in this splendid book and you will marvel at the delectableness of the dishes prepared with its assistance. The Italian Vineyard Company, it is well to know, owns and operates the largest vineyard in the world and old-timers as well as newcomers in California place every confidence in their wines, knowing that the very name is indicative of the best.

# Make the step-ladder safe

by nailing pieces of rubber on the bottom ends and avoid mishaps by the slipping of the ladder.

# It's a source of never ending pleasure

to do your banking in the woman's department, the second floor of the Bank of Italy National Trust and Savings Association located at Seventh and Olive streets. The contact is an unusually delightful one and you will find the advice on all matters pertaining to your banking problems given by Miss Grace S. Stoermer, the gracious head of the department of unusually great value and importance.

# To loosen screws and nails which are rusted into wood:

Use a piece of hot paraffin on them, and after a short time they can easily be removed. Or, (2) Hold a red hot iron to head of the screw for a short time and use the screwdriver while screw is still hot.

# All kinds of jewelry may now be taken to the Peerless Platers to be repaired—not only that but they also do special order work—make articles which are out of the ordinary—different, in other words, than the mass-produced articles which they are past masters in the art of repairing and repairing silver, gold and brass. 239 1-2 S. Spring (main) is the address.

# Oh, but Maxwell House Coffee is delicious

Housewives who serve it and hot water coffee minima, or variably receives exclamations of pleasure, for it's a winner at all times. As all good grocers and "good to the last drop"—no difficulty in buying it, for any first-class grocer sells Maxwell House Coffee.

# Hang the picture straight on the wall

and then turn the picture completely around, so that the wire is twisted and the picture will always hang straight.

# To drive a nail or screw through wood without splitting it, first push the nail or screw through hard soap, or dip it in melted paraffin.

# When the children come to you

begging for the required amount of pennies for ice cream, or for their request, for ice cream (if it's Hughes' especially) is beneficial and gives them the nourishment growing boys and girls require. Why I lay stress on your insisting upon Hughes is because it is made of pure cream and vanilla fruits and unsurpassed vanilla and chocolate. There is certainly to be no Hughes done in your immediate neighborhood!

# ducied, one at Shrine Auditorium

for young people, and another at Hollywood Bowl for the public.

# Our committee on decorations

has made some excellent plans and we are hoping that the city of Los Angeles will take enough interest in this great gathering to assist in decorating the streets," said Dr. Pearce.

# Richards Given Probation After Admitting Fraud

C. H. Richards, former engineer for the county flood-control district, who pleaded guilty to filing a false claim against the county, yesterday was admitted to probation of five years by Judge Landos of Superior Court.

# Richards was indicted by the grand jury in connection with the filing of several asserted fraudulent bills for labor in connection with the construction of the Fuddingstone Dam. He pleaded guilty to one count and the remaining charges were ordered off calendar.

# It was pointed out in the probation officer's report that Richards had made restitution to the county and that he previously had enjoyed an excellent reputation. These facts motivated the court in granting leniency.

# Education Board Urges Revision of Zoning Rules

# COUNCIL VOTES PAY INCREASES

City Employees Given Rise  
of \$100,000 Yearly

Similar Addition to Budget  
Due Within Week

Day Laborers' Stipend Held  
Back by Hall

One hundred and fifty city employees received total salary increases amounting to approximately \$100,000 a year from the City Council yesterday, with another \$100,000 in increases to 1200 other employees to come next Friday. In all, twenty-three salary increase ordinances were adopted yesterday.

The largest group of city employees receiving pay raises was the nurses, sixty-three in number, of the Health Department and Receiving Hospital.

## NOES STATE VIEWS

President Bonelli and Councilman Martin and Cullen said they had stated their objections to salary increases and voted against them when the committee reports were before the Council. Councilman Hall would put through the increases anyway next Friday if the three Councilmen voted against them, they said they would not obstruct the adoption of the ordinance by voting no yesterday. Councilman Hall, however, voted no on an ordinance to increase the pay of 1100 city laborers 20 cents a day, which will cost the city about \$60,000 a year in added pay roll expense. The laborers now receive \$4.15 a day; their pay is to be \$5.

## ADOPTION DELAYED

Hall's action postponed the final adoption of this pay increase until next Friday. Councilman Hall said the pay increase for laborers is a scheme of the Central Labor Council to draft these men into the unions.

The pay increase ordinances were put through yesterday in order to include the money to pay these salaries in the new annual budget which goes into effect July 1.

The ordinance now goes to the Mayor for his veto or approval and if he vetoes them the ordinance comes back to the Council for adoption or his veto.

# GRADUATION OF TROJANS TO BE TODAY

Sixteen Hundred Will be  
Awarded Sheepskins at  
Annual Commencement

The forty-fifth annual commencement exercises of the University of Southern California will be conducted in the Coliseum at 4 p.m. today when about 1600 college men and women will appear in academic procession to receive their sheepskins. Ten also will receive honorary degrees from the Trojan institution.

Senior honors will be awarded to distinguished students by President Von Klein Smid as a feature of the commencement ceremony, as follows:

From the school of architecture: Thomas B. Mott will receive the degree of Architect; Mott was awarded for the highest academic average for the last four years.

From the college of commerce and business administration: Robert E. Brinton will receive the degree of Bachelor of Science; Brinton was awarded for the highest academic average for the last four years.

From the college of dentistry: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of education: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of engineering: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of law: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of medicine: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of pharmacy: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of science: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of social sciences: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of theology: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

From the college of arts and letters: John A. Brennan will receive the degree of Bachelor of Science; Brennan was awarded for the highest academic average for the last four years.

# YOUTH PLAYING FOOTBALL HURT

Jefferson High School Boy  
Suffers Broken Leg  
While Tackling

Three students of Jefferson High School practicing football tackled out of season on the school athletic field piled up on top of the ball yesterday afternoon and Ben Schwartz, 16 years of age, of 1011 East Twenty-fifth street, came out of the melee with a broken right leg and a dislocated right ankle.

An ambulance hastened to his rescue from the Georgia-street Receiving Hospital. The broken leg was set at the hospital, the dislocated ankle was snapped back into place, and young Schwartz was sent home.

# CHILDREN'S DAY IN CHURCH

Los Angeles Religious Observances Today to Feature  
Special Programs for "These Little Ones"

"Suffer little children to come unto Me, and forbid them not, for of such is the kingdom of heaven." In observance of this command of the Master, churches throughout Christendom tomorrow will celebrate Children's Day with music and sermons prepared especially for the entertainment and education of the little folk. Children's Day programs of exceptional interest, in which the children will participate, are being prepared by Los Angeles ministers and Sunday-school teachers. One pastor, Dr. H. C. Culbertson of Plymouth Congregational Church, announces that the children will have full charge of the services tomorrow morning and that he will not even "afflict" them with a sermon. The services at Plymouth in the evening will be in charge of the League of Youth.

More than 800 young persons, ranging in age from 3 to 20 years, will present the pageant, "The Best Day," at the First Methodist Episcopal Church tomorrow evening. At the morning hour Dr. F. E. Heims will preach on "The Kingdom of God is Within You."

Among other Children's Day programs tomorrow will be those given at Hollywood Lutheran Church at 9:45 a.m.; Messiah Congregational Church, preceding the morning service by Rev. D. Gayford; Hollywood Congregational Church at 9:30 a.m.; Hyde Park and Pico churches at 11 a.m.; and at Wilshire Boulevard Presbyterian Church and Immanuel Presbyterian Church, preceding the regular morning service.

## TO DEDICATE ANNEX

Dedication services for the newly completed annex to the Lutheran Hospital, which has been added to the old building at a cost of \$12,500, will be conducted at 3 p.m. tomorrow. Music will be provided by the Trinity Male Quartet and speakers will include Rev. E. A. Schell, pastor of Trinity Lutheran Church, and Edwin J. Meese, vice-president of the International Walther League. Supper will be served from 5 to 7 p.m.

## "WHO IS GUILTY?"

"That Famous Church Trial—the Verdict: Who is Guilty?" that is the subject of a sermon to be preached by Dr. Frank Dyer at a mass meeting to be conducted tomorrow evening at the Hollywood Boulevard Congregational Church. Plans for the future of the church will be discussed by Dr. Dyer. In the morning Dr. Dyer will preach on "The Scars of an Apostle."

## DR. G. A. BRIGGLE

A program by the Royal Welsh Male Chorus under the direction of Glenn Isaac with Mrs. Owen Thomas at the piano will feature the services tomorrow evening at St. Paul's Presbyterian Church. Following the concert, which will begin at 7:45 o'clock, Dr. G. A. Briggle will preach on "The Wandering Jew." A Children's Day program, including an address by Dr. Briggle, will be given at 10:30 a.m.

## "MY WITNESSES"

The graduating class of the Bible Institute, 145 young men and women who come from various parts of the world to be educated here for Christian service, will be addressed at 11 a.m. tomorrow by the institute auditor by Dr. John M. MacInnis, who will preach on "My Witnesses." Services of the Church of the Open Door will be conducted in the evening by Dr. John MacInnis.

## MUSICAL FESTIVAL

The third annual musical festival under the auspices of the women's auxiliary of the California Lutheran Hospital will be given at 7:45 p.m. tomorrow at the Anglican Lutheran Church, Fourteenth street and Burlington avenue. The music will be by the combined choirs of Lutheran churches and the Pasadena Male Quartet. A collection will be taken for the equipment of the hospital, maintained for the worthy poor of all races and religions.

## CHRISTIAN SCIENCE

At all churches of Christ, Scientist, Los Angeles, branches of the Mother Church, the First Church of Christ, Scientist, in Boston, Sunday morning services are conducted at 11 a.m. and several of the churches repeat the services at 8 p.m. The subject of the lesson-sermon tomorrow is "God the Father, Father of Man," with the following golden text: "The Lord is my deliverer; and my God is the rock of my refuge." (Psalm xlv, 22.)

On Wednesday evenings all of these churches conduct meetings at which the testimonies of the Christian Science healing are given.

## FIRST BAPTIST

"The Challenge of the Southern Cross to Present-Day Religion" will be discussed by Dr. Norman B. Henderson tomorrow evening at the First Baptist Church. An organ recital by David Wright will precede the discourse. A Children's Day program will be given at 10 a.m.

## "THE BEST DAY"

Dr. Wilbur Martin, pastor of the Wilshire Methodist Church, will preach tomorrow morning on "Singing the Song of the Lord in a Braggadocio Land." The evening services will be featured by the Children's Day program which will include the popular playlet, "The Best Day."

## "POWER OF THOUGHT"

A. P. Moran will give a free lecture on "The Power and Use of Thought" at 8 p.m. tomorrow at the Hall of Theosophy, 925 South Flower street. At the same location next Monday evening Dr. Philip M. Lovell will give a free lecture on "The Natural Way to Health and Happiness."

## "LOOM OF LIFE"

Dr. Lindsay E. McNair, co-pastor with Dr. Hugh K. Walker of the First Presbyterian Church, will preach at both services tomorrow, his topics for morning and evening being, respectively, "The Heart of Our Work," and "The Loom of Life." The quartet will sing at both services.

## "SECRETS OF SUCCESS"

Dr. Walter Raymond will speak on "Some Secrets of Success" tomorrow morning at the Ambassador Theatre. A musical program by noted artists will precede the sermon. Tomorrow evening Dr. Raymond will preach on "Hypnotism and Psychic States" at 424 South Broadway.

## DR. ARTHUR BRADEN

The baccalaureate sermon to the graduating class of the California Christian College will be preached by Dr. Arthur Braden, president of the college, tomorrow morning at the Magdalen avenue Christian Church. In the evening Rev. C. C. Sinclair, the pastor, will preach on

# HEROES MADE IN FEVER FIGHT

Two Soldiers Play Leading  
Typhoid Roles

Pair Gave Cultures Needed to  
Form Vaccines

Army Manufactures Product  
Painstakingly

BY FREDERIC J. HASKIN

WASHINGTON, June 8. (Exclusive)—Two soldiers, one a British Tommy and the other an American, have played conspicuous roles in the valiant and eminently successful battle the United States Army Medical Corps is waging against typhoid fever by contributing the cultures from which vast quantities of vaccine are manufactured by the army.

Rawlings, the British soldier, died of typhoid during the Boer War in 1903, and Kessel, a member of the New York militia corps, was victim of the same malady during service on the Mexican border in 1916.

Out of many cultures which have been obtained from the medical corps, the Rawlings and Kessel strains were selected because they have been found to give a high degree of immunity, grow well, give only moderate reactions when injected and do not lose their power to infect when grown under artificial conditions over long periods.

## LARGE QUANTITY MADE

Officers connected with the Army Medical School at the Army Medical Center in this city estimate that to date enough vaccine has been manufactured at their model plant to inoculate approximately 20,000,000 persons; that is, a crop of more than 50,000,000,000,000 germs has been harvested.

The process of manufacture is intricate and involves the most painstaking care in order that the product will be unquestionably sterile and effective. Most of the work is accomplished in hermetically sealed rooms, where the air has been cleared of all dust and foreign bacteria by steam; flask tubes and other implements used are sterilized in autoclaves and each manufacturing process is carefully checked and counter-checked before the product is taken to certain finally that the product is as it should be it is tested on animals prior to shipment.

As a consequence of its immaculate methods the Army turns out a product that is almost 100 per cent effective in giving immunity against the disease which up to a quarter of a century ago was the scourge of army encampments everywhere and which exacted such a heavy toll during the Civil War. Last year, according to official records, there were but five typhoid cases in the United States Army.

Vaccines have been manufactured continuously at the Army Medical School since 1909 and the school product has been used by the military in 1911. Soon afterward it was made compulsory in the Navy and National Guard. It is likewise used by the Federal Bureau of Investigation, the Forestry Service, Department of Agriculture and Public Health Service, and in other branches of the federal government, such as the Forestry Service, Department of Agriculture and Public Health Service, and in other branches of the federal government, such as the Forestry Service, Department of Agriculture and Public Health Service.

## CHURCH NOTES

Dr. F. P. Leland, new pastor of South Presbyterian Church, will give a series of services at that church tomorrow evening at 8 p.m. Dr. Leland will give a series of services at that church tomorrow evening at 8 p.m. Dr. Leland will give a series of services at that church tomorrow evening at 8 p.m.

## WHERE HEROES MEET

Trinity Methodist Church will be host to Roosevelt Camp, No. 9, Spanish-American War Veterans, tomorrow evening at 8 p.m. The program will include a collection for the fund of the National Spanish-American War Veterans.

## "THE NEAR EAST"

A special sermon to boys and girls will be preached by Dr. John M. Baxter at Roosevelt Methodist Episcopal Church tomorrow morning at 11 a.m. The sermon will be on "The Near East."

## FLASHES

NOVARRO DIRECTED  
BY GEORGE HILL, HERSHOLT  
LEAD CHOSEN

Returning from Europe and Africa, where he went on a research mission for the studios, George Hill, director of "The Conquering," "Tell It to the Marines," and other Metro-Goldwyn-Mayer pictures, was met yesterday with the glad news that he is to direct Ramon Novarro in "Gold Brail," a spectacular romance of the battle fleet and naval aviation.

The new picture, in which Novarro will play a young naval aviation lieutenant, is eloquently described by Harry Rapf as a vivid and intimate romance of life at sea and in the air—with the battle fleet.

Hill was sent on a confidential mission to Europe and Africa to gather important research material for use in the forthcoming production work. "The nature of his researches has not been announced, being of a confidential nature."

In addition to the regular cast of actors, we are informed that many well-known naval aviators and officers will appear in the scenes taken with the fleet.

Belle Bennett With Universal  
Paul Kohner is preparing to attend to the supervision of Jean Hersholt's next Universal starring vehicle, "The Bragart," on which work will be commenced as soon as Hersholt returns from New York, which will be in course of production.

Belle Bennett, if all goes as now expected, will play the leading feminine role in the picture, and it is expected by Universal officials that the feature will be another "Richie Dallas."

George Archambault to Direct  
When George Archambault begins his careerings in "George Washington Cohen," for Tiffany-Stahl, he will have as his director 200 less successful a guide than George Archambault.

A chainhead directed "The O. S. & L. of Dust," from David Graham Phillips' story, and did such an excellent piece of work that John Stahl at once chose him to direct Jesse.

George Washington Cohen is adapted from Aaron Hoffman's play, "The Cherry Tree," and Iadore Bernstein wrote the adaptation.

Corliss Palmer has been selected as Jesse's leading lady. This is the most important role Miss Palmer has had to date, but she did so well in Tom Terriss' "Clothes Make the Woman" that she has been given the bigger part.

Robert Edson has signed to fill a role, and the director Davidson also appears in one of the principal parts.

Marshall Neilan Signs  
Marshall Neilan actually signed a contract yesterday to direct Bebe Daniels in a forthcoming Paramount picture, just as we were supposed a few days ago that he would do. B. P. Schulberg owned up yesterday.

"Take Me Home" will probably be the picture which Neilan will direct. This marks the change of Miss Daniels' careerizations from slapstick comedy to more serious drama.

Columbia Engages Two  
Dorothy Revier will play the leading feminine role opposite Jack Holt in Columbia's "Out of the Depths," according to RKO.

Unemployment  
Unemployment, a and Ralph Graves will have a featured role in the course of which he will play a cack hoi's buddy.

Estelle Taylor cast as Mystery  
Fig in Critterion  
New Photoplay  
"Lady Raffles," an unexplained, nondescript photoplay made its appearance at the Critterion Theater yesterday afternoon. A cast which would undoubtedly have proved reasonably capable if given half a chance wandered through scenes which ran hundreds of feet too long, conveying at all times the impression that they were only doing what an unseen director told them to do.

**SENNETT STUDIOS IN PRODUCTION SPURT**  
Production has started on each of the initial subjects in the three series of comedies to be produced at Mack Sennett's new studio at Burbank. The first subject in the "Taxicab Series," in which Jack Cooper will be starred, Johnny Burke is starred in "Dumb Walter," the first of the "Handy Andy Series."

**Japanese Will Stage Dramas**  
The Music Box Theater, Hollywood, has been secured by the Japanese Imperial Theater for the week beginning the 15th inst. The entire organization will present some of its stirring dramas, dance fantasies, comedies and tragedies, under the auspices of the Japanese-American Drama Society, of which Yoshioka Yasuda is president.

**COMEDIES HIS SPECIALTY**  
Norman Taurog, who has just completed "The Ghetto," the Tilly-Tilly production starring George Jessel, directed comedies for five years for Educational Pictures.

SINCERE TREATMENT IN PICTURE

**'Happiness Ahead' Strikes Note of Humanity; Colleen Moore Fine**  
BY MARQUIS DUBBY  
One is permitted such rare glimpses of Colleen Moore as a dramatic actress that it is always something of a surprise to discover that her talents are not limited to comedy.

## HEALTH AND BEAUTY ADVICE

By Dr. Frank Mc Coy  
author of "The Four Faces of Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him, care of The Los Angeles Times. Inquiries should be accompanied by a return address.

Dr. McCoy's menu suggested for the week beginning Sunday, June 10th:

**Sunday**  
Breakfast—Baked eggs, Melba toast, stewed apples.  
Lunch—Cornmeal muffins, string beans, raw celery, ripe olives.  
Dinner—Roast beef, macaroni, spinach, salad of head lettuce, ice cream.

**Monday**  
Breakfast—French omelet, toasted bread, stewed apples.  
Lunch—Eight-ounce glass of orange juice.  
Dinner—Vegetable soup, Salisbury steak, baked egg plant, salad of tomatoes and celery, jelly with cream.

**Tuesday**  
Breakfast—Whole wheat muffins, peanut butter, stewed raisins.  
Lunch—Baked new potatoes, with chopped parsley, cooked asparagus, raw carrots.  
Dinner—Roast mutton, "baked ground beef, dried celery, shredded lettuce, raspberry whip.

**Wednesday**  
Breakfast—Coddled eggs, Melba toast, stewed apples.  
Lunch—Pint of buttermilk, ten or twelve dates.  
Dinner—Baked whitefish, broiled spinach and parsley, salad of sliced tomatoes and cucumbers, no dessert.

**Thursday**  
Breakfast—Waffle browned through, crisp bacon, applesauce.  
Lunch—Stewed corn, cooked lettuce, salad of raw grated beets.  
Dinner—Tomato jelly served in cubes, roast pork, mashed turnips, string beans, salad of chopped raw cabbage, stewed apricots.

**Friday**  
Breakfast—Poached eggs on shredded wheat biscuit, dish of berries (canned).  
Lunch—Eight-ounce glass of orange milk.  
Dinner—Broiled fillet of sole, cooked tomatoes, cooked asparagus, salad of raw celery, pineapple gelatin, no cream.

**Saturday**  
Breakfast—Cottage cheese, baked apple.  
Lunch—Dish of fresh green peas, molded salad of celery, cucumbers, cooked beets.  
Dinner—Broiled lamb chops, baked egg plant, greens, cauliflower, salad, junket.  
"Baked ground beef. Cut into pieces without peeling, small tender beets and run through a food chopper. Place in a fry flat baking pan to a depth of one or two inches and bake in a moderate oven for fifteen or twenty minutes. Brown slightly on top if desired, and season with butter and a little salt as served. An agreeable change may be made by mixing raw turnips or carrots with the beets in about half-and-half proportion.

## YOUR BABY AND MINE

By Myrtle Meyer Edred

Mrs. Edred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

**WORK FOR SMALL CHILDREN SHOULD BE MADE INTO PLAY**

The mother may get more satisfaction by ordering Betty to run and make her bed, and seeing her try to do it, but we must look at it from Betty's angle. Work is often drudgery even to adults, and they have a personal interest in getting it done. Not so the child. Work is something that is thrust upon her by adults, and she does not like it. She does not without interest and glamor. Small children may enjoy tasks when they are new and when they seem to be well their interest dies. They want to do something else. And beds still have to be made, and the mother enjoys doing it or not.

When this stage is reached the mother has another thing to be done. Instead of whining and scolding the child because she doesn't want to help her, and expects her to do everything, all the family complaints, she can use her imagination and try and make the work attractive. It gets itself done much more quickly and the child learns to do it with a cheerful spirit. It isn't "softening" the child to make his work a pleasant, instead of dull and painful. Because as he grows older he assumes responsibilities with less distaste. He sees a reason for them. It is right to try and make the small child's necessary tasks in every possible way.

Mrs. C. G. writes: "This plan works well with our girl who is two to the evening dishes. I suggested to them that one should play that she is visiting the other, and just arrive at the dishes as being done. The visitor helps and they talk of their home, babies, sewing and painting and such things. The dishes are washed. Sometimes I have a little surprise for them if they do it quickly and neatly."

**FEAR IMPLANTED IN THE CHILD**  
Mrs. P. H. writes: "It seems quite natural for a child of two or three years of age to begin to exhibit fears. This comes about, because they have been meeting new situations daily, which they do not always understand. Persons, to be funny, are always telling them things that most often are not true. They may be playing with older children who tell them stories, which may terrify them when the lights are out. The child who is told the truth always, who is as used to a dark room at night, as he is used to light in the daytime, who is not frightened by the time he is considered tales of adults or other children should not be a subject of fears. If he is, do not think of shaming him, but help him to an understanding of his strange world so that his fears will disappear."

**QUESTIONS AND ANSWERS**  
Question: Mrs. F. Z. writes: "I have been bothered with neuritis for two years. Have been to several doctors but have not had much relief. Am very nervous and anemic. What can I do to regain my health?"  
Answer: There are two principal causes of neuritis: one is a toxic condition of the blood similar to rheumatism, and the other cause is from pinched nerves somewhere between the painful part and the spinal cord. An osteopath or chiropractor can usually remove this latter cause and the toxic condition is cured by dieting, exercising and living according to good hygienic rules.

Q: John asks: "What is your opinion of unbolthead cornmeal?"  
A: The unbolthead, unrefined cornmeal is a healthy food and is placed in the starch class and not in the class of grain foods. When cornmeal is used it should be taken in combination with the nonstarchy vegetables and not with meat, fish or eggs.

## KC BAKING POWDER

25 ounces for 25c  
More than a pound and a half for a quarter

**Same Price for over 35 years**  
GUARANTEED PURE  
Millions of pounds used by the Government

**Face Peeler Reveals Beauty of Youth**

To make your skin naturally lovely and to preserve this youthful beauty, the regular use of a face peeler is essential. Get an ounce at any drug store or a quarter ounce at any grocery store. The face peeler removes the outer layer of aged, or blemished skin gently but surely, revealing the clear, fresh, supple skin that has been hidden beneath the old skin. The face peeler is used after the skin has been washed with soap and water. It is used in the same manner as a face lotion. It is used after the skin has been washed with soap and water. It is used in the same manner as a face lotion.

## SOUND AUCTION BRIDGE

By Wilbur C. Whitehead  
The World's Greatest Authority

Each day is published a complete hand played by Mr. Whitehead. These hands may be played with cards by two or four players. Fill out a sheet of your own and compare it tomorrow with Mr. Whitehead's play. Do this each day and carefully read Mr. Whitehead's explanation, and you will find that your knowledge of the game improves rapidly. Compare your bidding and play with that of your friend—the auctioneer who is the greatest.

Monday's hand to be played by Mr. Whitehead  
HAND NO. 171

Record the bids that each player should make, assuming that he does not see any of the other hands.

These hands must not be bid or played "Double Dummy," i.e., as though all four hands were exposed.

NOTE:—In recording the Auction, or the play, use "S" for Spades, "H" for Hearts, "D" for Diamonds, and "C" for Clubs. Use "N.T." for No Trumps, "D.B." for Double, "REBID" for redouble.

Mr. Whitehead will answer questions concerning your Bridge problems. Write to him care of the publisher, enclosing self-addressed stamped envelope.

North assists, having better than normal support for the Heart bid.

## NANCY PAGE

Who Wants a Bathroom in Apricot and Soft Green?

My Florence Is Gosh

Lois had visioned in her mind's eye exactly the kind of bathroom she wanted in her new home. A study of pictures in magazines, sauntering in shops and scrutiny of all her friend's bathrooms had settled her own mind quite definitely.

The paper was to be the new washable variety and it was to have a creamy plain background with a lovely sprawling pattern in green. The shower curtain and window curtains were of apricot in a water-proofed textile.

This material was sheer and required no edge finish beyond a simple hem. The curtains hung full.

Over the washstand was a mirror with no frame surrounding it, just a heavy piece of plate-glass mirror with beveled edges. Instead of the conventional milky white tumbler she planned to have a green pottery mug. And beside it was a bowl which was never meant to hold soap, but did it very well, nevertheless. It was of green pottery to match the mug.

This room had originality, personality and color. It was not elaborate nor as marvelous as some of the bathrooms she had seen, but then the Millers were not starting with a large bank account. That did not mean, however, that their home had to be uninteresting.

Do budgets bother you? Write to Nancy Page, care of this paper, for a list of budgetary hints and addresses, asking for her latest called "Budgets Are Fun."

## LIQUOR ENDS MANY YEARS OF FELICITY

Woman Found Beaten and Husband Still Intoxicated After Drinking Bout

A bottle of moonshine liquor yesterday ended two scores years of happy married life for Frank L. Mitchell, 67 years of age, and his 75-year-old wife, Laura. The man landed in the City Jail on a charge of assault with intent to commit murder and the wife in the General Hospital with a fractured jaw, internal injuries and numerous cuts and bruises. She is not expected to live.

According to police, the elderly couple purchased a bottle of liquor Thursday night. Early yesterday morning the police were summoned to the Mitchell home in the rear of 778 East Fifty-eighth street. There they found the woman badly beaten and the man intoxicated.

"Too much liquor" was the only excuse Mitchell gave police for his act, they reported.

George H. Monroe must face trial in Superior Court on charges of assault with a deadly weapon and assault with intent to commit murder. Municipal Judge Stafford ruled yesterday at his preliminary hearing. Bail on the two charges was fixed at \$200.

Monroe was apprehended by police after an alleged gun battle May 15 between him, Frank Swallow and Niley Payne on one hand and Detective Lieutenants Christensen and Farwell on the other, in which Monroe and Christensen were wounded. The detectives were waiting at the home of Payne, who was wanted on a charge of assault with a deadly weapon, when the three men arrived. The officers asserted that Monroe, Payne and Swallow opened fire when ordered to surrender.

## Pupils Enroll to Help Drive for Olympics

Pupils at high schools throughout the county have begun work in earnest toward winning one of the four trophies offered by Harold B. Franklin and three others for schools, the students in which sell most tickets for the Southwest Olympic finals festival at the Coliseum next month, according to Sid Foster of Manual Arts High School, in general charge of the children's campaign.

The trophies are offered for schools according to enrollment. There is a trophy for schools of 500 pupils, one for schools of 1,000, and one for schools of 1,500 and over for schools of the "unlimited" class.

## BAR REFORM GAINS CITED BY JURIST

Justice Waste in Talk to Chancery Club Relates Benefits to Courts

Reforms instituted by the Judicial Council of the State Bar Association have had a material effect in expediting court matters and procedure since that body and the State Legislature have been empowered to make needed changes without the necessity of resorting to statutory measures. William H. Waste, chief justice of the State, told members of the Chancery Club at their weekly meeting yesterday.

In his address to the club, which is composed of younger attorneys of the city and meets weekly at the University Club, Chief Justice Waste declared that work of the Judicial Council in the future will have a material effect in practically all court procedure throughout the State.

"Where a statutory measure previously was resorted to before any changes in procedure could be made, or additional courts were established where they were deemed necessary, it now is a matter for the judicial council and the State Legislature to effect the remedy," the jurist said.

The justice also urged all young attorneys to join in the attorney club movement for the general benefit of themselves, their profession and the community in which they work.

Paul E. Swab, of the firm of O'Melveny, Tuller & Myers is president of the organization.

## Woman Kills Self by Firing Bullet in Heart

Suffering from ill health, Mrs. Gertrude C. Fuller, 40 years of age, yesterday ended her life by firing a bullet through her heart, according to police reports.

The woman was found dead in her home at 1048 South Main street by a daughter and son-in-law, Mr. and Mrs. H. E. Bird, who had called to take the woman for an outing. The body was removed to the County Morgue.

## One Day Wed Plenty for Him

Hugh Wallace, 17 years of age, was married just one day to Mary Wilson Wallace, 18, when he decided he had made a mistake, according to his story told to Judge Stutman yesterday when the hearing for annulment of the marriage was conducted.

The two were wed on April 18, 1927, and separated the same day because he changed his mind about marriage a few hours after the ceremony.

Mrs. Wallace is contesting the annulment because of a 6-month-old baby, asserting Wallace is the father.

## Favorite Old Family

Saves 1/2 soap so pays its cost

BECAUSE Bobrick's Cloudy Ammonia is double strength, a very little goes a long way. Add two tablespoonfuls to half a pail of water. Makes it soft as rain water and strengthens its cleansing power. Requires less rubbing and less time to make woodwork, floors, linoleum and tile gleam like new.

For making dishes sparkle, window panes crystal clear. For brightening and purifying drainboards and bathtubs. Restores original lustre to carpets. Cannot injure the most delicate surface, fabrics or fast colors. Keeps hands soft and white. Bobrick's Cloudy Ammonia is entirely free from the ordinary pungent ammonia odor.
